AG School Professor Earns Top Alumni Award

DR. WILLIAM D. TOUSSAINT (center), professor of agricultural economics, is presented a \$500 check from the State College Alumni Association by Chancellor John T. Caldwell, left, and State Senator Ralph H. Scott, alumni president.

AT the 1962 commencement, senior class president James Futrell announced the selection of Dr. William D. Toussaint as the 1962 "Distinguished Classroom Teacher of the Year" as selected by the senior class.

DR. KEY L. BARKLEY
Professor of Psychology, School of Education

DR. TOUSSAINT earned his Ph.D. in agricultural economics at Iowa State in 1953. He had had a teaching and research fellowship at Iowa State 1950-52, coming to State College in 1954. He was designated the outstanding instructor in the School of Agriculture 1957-58. An honorary member of Thirty and Three, he was Vice-President of Gamma Sigma Delta. Dr. Toussaint has also contributed several articles to agricultural publications.

DR. BARKLEY gained his Ph.D. in psychology at the University of Illinois and taught at the University of North Carolina and Woman's College before coming to State in 1948. He was a director of the Psychological Corporation of New York from 1942-1948. A member of the American Psychological Association and the Southern Society for Philosophy and Psychology, he has also earned membership in Phi Beta Kappa, Sigma Xi, and Pi Gamma Mu. Dr. Barkley has done research on psychology of marketing, advertising, teaching, and attitudes, publishing various articles on these.

DR. J. LEON HELGUERA
School of General Studies

MR. KARL P. HANSON
School of Engineering

DR. RAOUL M. FREYRE
School of Physical Sciences

DR. HELGUERA received his Ph.D. in Latin American History and Government at the University of North Carolina in 1958, having previously come to State to teach in 1957. In 1962 he was elected corresponding member of the Columbian Academy of History and has also been granted Waddell, Doherty, and OAS Fellowships.

MR. HANSON gained his M.S. in Mechanical Engineering at the University of Michigan in 1946. After teaching at Johns Hopkins and the University of Connecticut, he accepted the post of Head of State's M.E. Department. Belonging to several honorary and professional engineering groups, Mr. Hanson is Chairman of the Advisors Board of Tau Beta Pi.

DR. FREYRE was granted his Ph.D. in Physics and Mathematics at the Universidad de la Havana in

1955. After teaching physics and mathematics in Cuba, he came to the States in 1957. Sigma Pi Sigma and a listing in American Men of Science are a few of this honors program professor's achievements.

MR. WIGGINS is the group's only State graduate, graduating here in 1952 and getting his M.S. in Textiles in 1959. He has worked in the textile industry, is co-editor of *Fundamentals of Textiles II*, and is working on *Textiles Fundamentals I*. Research he is doing centers on static potential of man-made fibers.

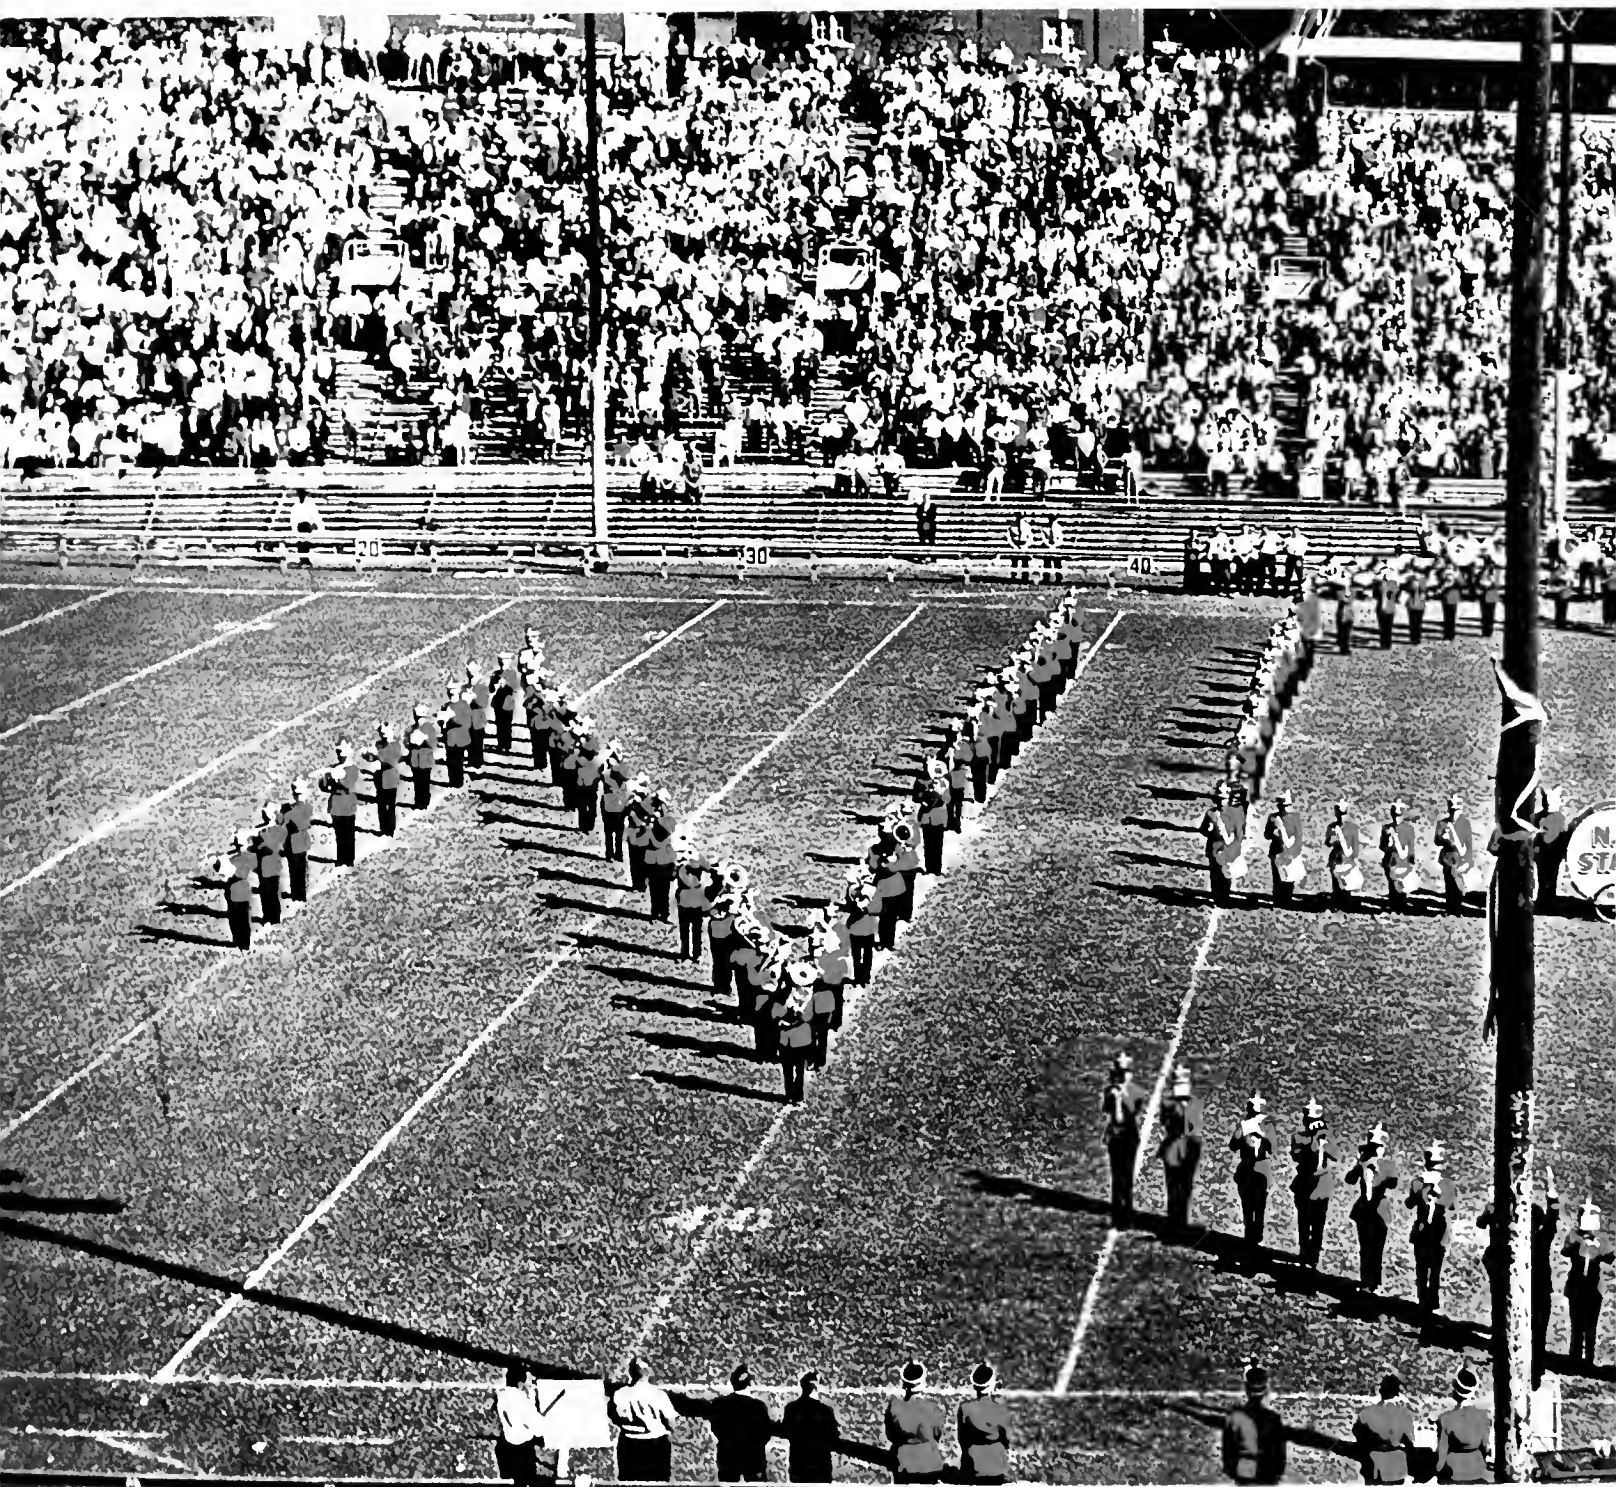

DR. LAMIMI, a member of Phi Kappa Phi, Sigma Xi, and Xi Sigma Pi, gained his Ph.D. in Forestry Economics at the University of California at Berkeley in 1954. He then worked for the United Nations before coming to State in 1961. He is currently doing research in international forestry policy.

JERRY SANFORD
Governor of North Carolina

Friday Seeks Same Title For Three State Schools

PRIOR to becoming President of the University, Mr. Friday was Secretary of the University—a position to which he was appointed on March 1, 1955. Previously, he was Assistant to the President of the University, serving with distinction in this position for about four years.

A native of Dallas, President Friday attended Wake Forest College and graduated from North Carolina State College in 1941 with a B.S. degree in textiles. He entered the Law School at Chapel Hill in 1946 and received his LL.B. in 1948. At State College he was president of his class and a member of Golden Chain. At Carolina he gained membership in the Golden Fleece.

WILLIAM C. FRIDAY
*President of the Consolidated
University of North Carolina*

JOHN T. CALDWELL
*Chancellor of North Carolina
State College*

Chancellor Marks End Of Premier Four Year Cycle

CHANCELLOR Caldwell came to State College at the same time as most of this year's graduating class. With them, he has served State College with distinction, keeping abreast of student affairs, speaking at student gatherings, and lending advice when asked. At the same time, he has maintained his other duties as Chancellor.

The position of Chancellor befits Dr. Caldwell, as after gaining his doctorate at Princeton, he taught political science before entering World War Two. He returned to civilian life as President of Alabama College. From there he became President of the University of Arkansas, leaving that institution to be Chancellor of North Carolina State University.

HARRY C. KELLY
Dean of Faculty

New Dean Leaves Science Foundation For Position

THE Dean of the Faculty has responsibility for all phases of academic affairs, the Library, College Extension, Summer Sessions, and the College Television Station. Phases of academic affairs include faculty appointments, promotions, improvement of instruction, allocation of space, changes in courses and curricula, review of tenure policies, and academic standards of various kinds. Academic affairs and standards are constantly being studied and reviewed by the Dean, and recommendations concerning these areas are periodically presented to the Chancellor. The primary objective of this office is to continue to improve State College so as to develop high caliber men for industry.

Student Affairs Directs All Student Undertaking

THE Division of Student Affairs is composed of the following departments: Admissions and Registration, bearing the responsibility of informing prospective students, admitting them, and keeping records, schedules, and reports; Counseling and Financial Aid, providing orientation, counseling, and financial aid and part-time jobs for those in need; Student Health Service; Student Housing Department, operating dormitories and married student housing, advising Interdormitory Council, and promoting dormitory athletics and social programs; Student Activities, working with all student organizations; and Military, including Army and Air Force R.O.T.C.

JAMES J. STEWART
Dean of Student Affairs

Business Manager Guards Vault To Lower Spending

APPROXIMATELY twenty-five to thirty million dollars is handled each year by the Business Manager and his department. Preparation of budgets; management of all utilities and service agencies, including telephone, power plant, heating plant, water plant, and laundry; management, supervision, and maintenance of all College owned buildings and property; and supervision of book stores, business staff members and employees of the institution, and new construction are only a few of the responsibilities of this department. Recent results of the construction program are the Civil Engineering Building, the new cafeteria, and the General Laboratory Building.

J. G. VANN
Business Manager

K. D. RABB
Director of Admissions and Registration

Increased Enrollment To Push Expansion Programs

ADMISSION to North Carolina State demands that the applicant be of good moral character and present evidence of acceptable preparation for work at the college level. State reaches qualified students through resident instruction, off-campus instruction in established courses through the College Extension Service, off-campus demonstration through the Agricultural Extension Service, special instruction in technical institutes, industrial and agricultural research—both basic and applied, and direct contact with the home through the medium of radio and television. Presently the Admissions Office is at work preparing for the great expansion in enrollment in the next few years.

L. L. RAY
Foundations and Public Relations

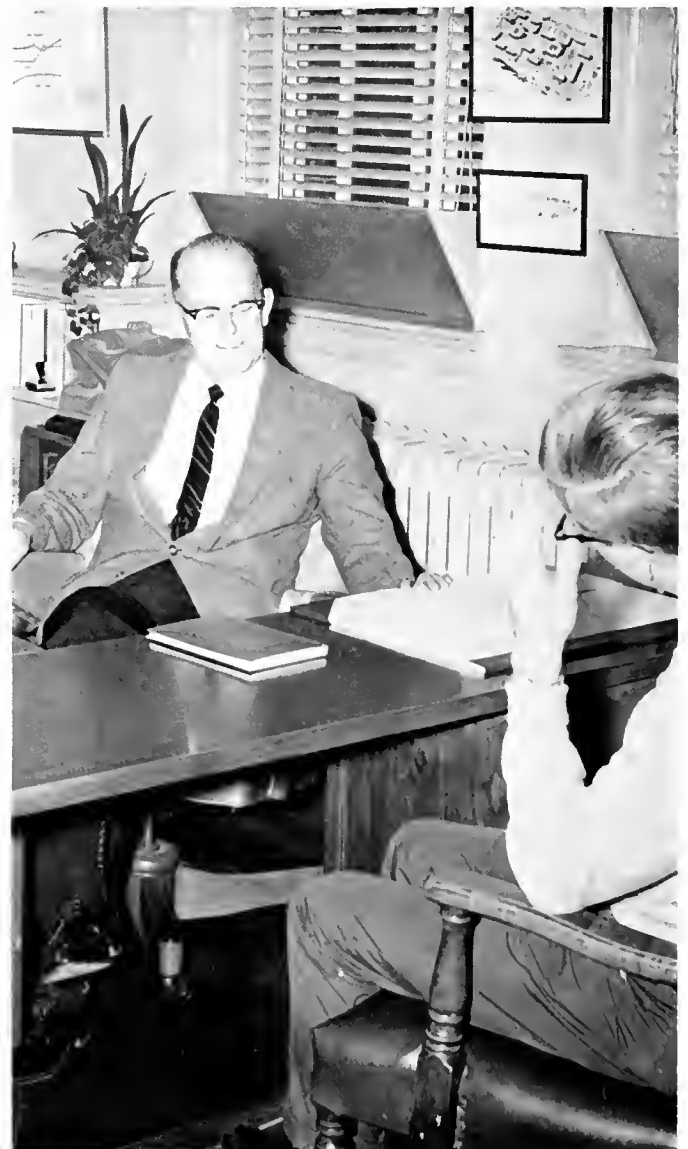

Enlarged Fund Gathering Builds Research Program

THE Office of Foundations and Development at State College had its beginning with the employment of a Director of Foundations in 1945. For the past ten years the office has served in directing the fund-raising foundations and the development activities, including public relations. The primary purpose of the foundations is to raise outside funds to supplement salaries supporting programs in teaching, research, and extension. Many distinguished scientists and professors are at State today because of the support of these organizations which this year are putting more than six hundred thousand dollars into these many activities. The purpose of the Office is to extend and expand these fund-raising activities.

Women's Accommodations Main Problem In Housing

AT State College the dormitory is considered something more than merely a suitable place for living and studying. A well-organized dormitory program plays an important role in the student's all-around development. Under the program of the Housing Office, each dormitory is organized much like a club, with elected officers and student counselors. In each of seven dormitories, faculty couples act as hosts, assist the occupants with their problems, and help to provide a homelike atmosphere. For married students the College has three hundred permanent efficiency, one and two bedroom apartments, but at the present time there are no accommodations whatsoever for State's women students.

N. B. WATTS
Director of Student Housing

Counseling Center Helps Students Find Right Jobs

THE Counseling Center has a staff of full-time counselors to help students with problems of vocational and curricular choice and personal adjustment. The Center is prepared to administer various aptitude and interest tests and maintains a file of occupational information. Referral can be made for students desiring remedial work in speech, reading, and other special areas. Students may come to the Center on their own initiative or may be referred by teachers, advisors, or other members of the college staff. There is no cost to the student for conferences, but a small fee is charged for the administration of tests. The Center does everything possible to help the wayward student adjust to college life.

LYLE B. ROGERS
Director of Counseling

Student Activities Runs Frat Court Preparations

THE Department of Student Activities is responsible for student government and the student judicial system, the YMCA and all student religious programs, the Erdahl-Cloyd College Union and student social and cultural programs, the social fraternities, all student clubs and societies, music organizations and activities, and student publications. Some of the recent objectives of The Department include shifting more student activity programs to the College Union, seeking staff expansion as fraternity housing project demands a broader program and Student Government and Honor System require more attention, and continuing efforts to obtain funds for programs held in the Coliseum.

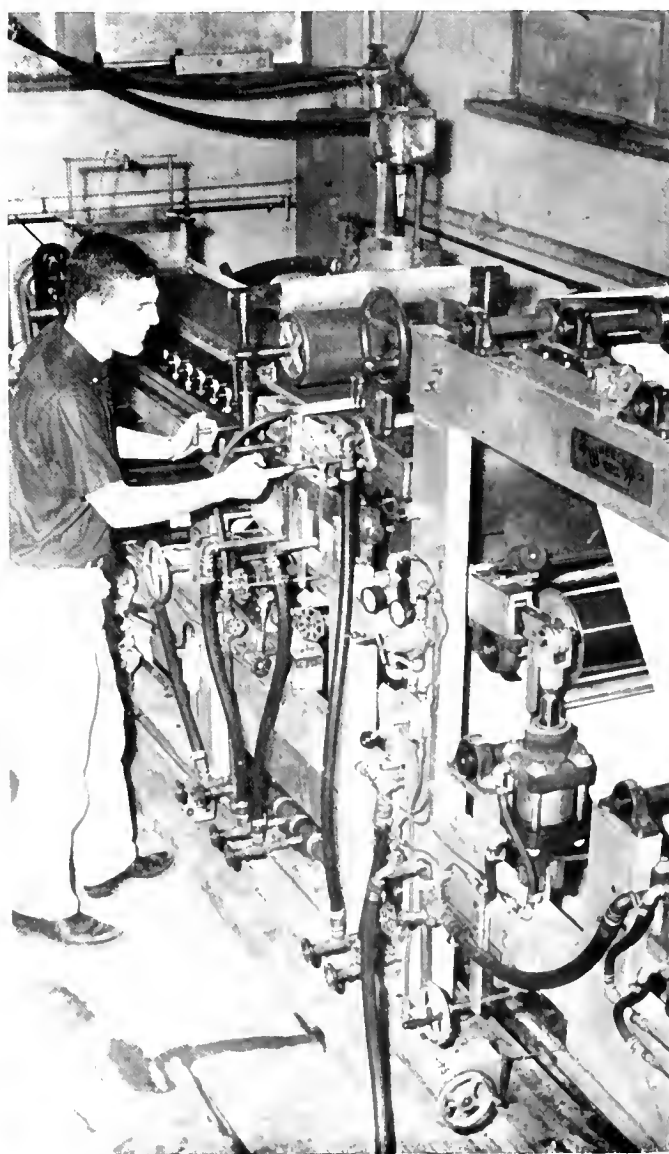

BANKS C. TALLEY, JR.
Director of Student Activities

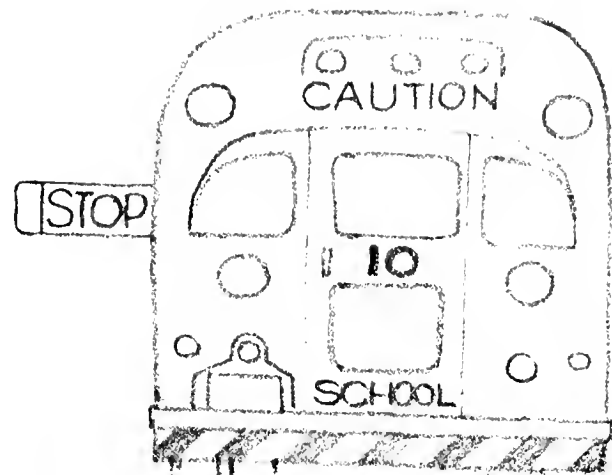

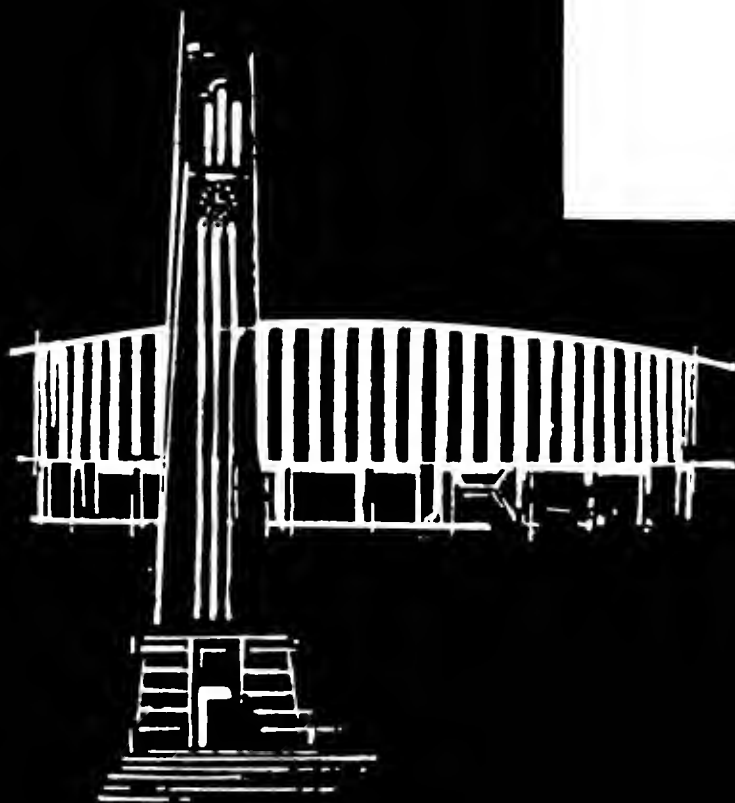

Understanding of the mysteries of moving electrons is the motivation behind students being in Electrical Engineering.

A degree in Pulp and Paper Technology will give this student command of both this machine and job offers.

Research Helps North Carolina Farmer To Grow

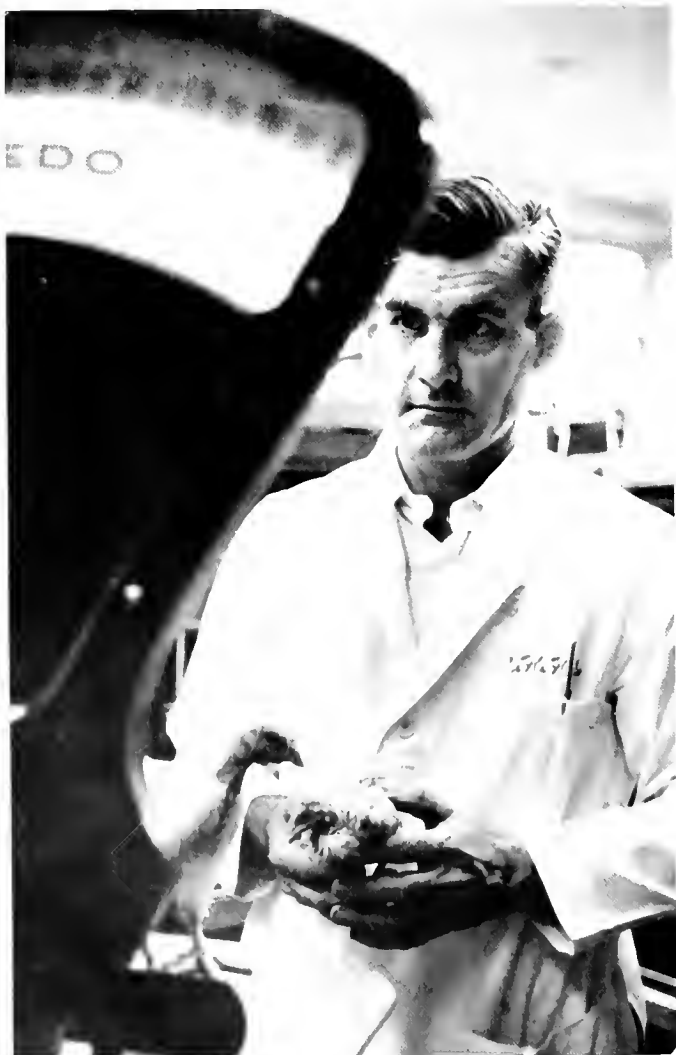

DEAN H. BROOKS JAMES
School of Agriculture

THE agriculture of our modern world amounts to more than growing food and fiber. Agriculture includes all of the technical, professional, and business occupations connected with the processing and distribution of farm products. The men who produce and supply the farmer with his complex needs, the farmer himself, those to whom he sells, the processor of these products, and the retailer are all part of today's agriculture. All told, they add up to nearly 40 percent of the 65 million employed people in the United States, making agriculture the nation's largest single industry. There are more than 500 distinct occupations in today's agriculture—jobs that each year need more than twice the number of people trained to fill them. The new concept of

Dr. W. M. Roberts (right) and assistant examine a machine developed here to test the consistency of ice cream.

By weighing this chicken, Professor C. H. Hill studies feed efficiency and nutrition in poultry production research.

Plant pathology Professor Dr. Apple works on a tobacco breeding project designed to develop new varieties.

More Profitable Crops

agriculture is defined to include three important groups in our economy. The first is the farmers themselves, the people who are engaged in the production of crops and livestock. The second includes those industries which furnish supplies and services to farmers. The third includes those industries which process, store, handle, and merchandise farm products.

A freshman enrolling in the School of Agriculture now chooses from three curricula: agricultural business, agricultural science, or agricultural technology. Although requirements vary in the curricula, students in all three get a solid background in social, physical, and biological sciences, as well as in English and modern languages in order to develop a well-rounded, educated agricultural citizen.

A complex nutrition study to determine profitable diets for sheep and livestock occupies Dr. Harold Ramsey.

AGRICULTURAL COUNCIL

Edits Monthly Magazine On School's Activities

THE Agricultural Council is the governing body of the School of Agriculture and is composed of elected representatives of the various departmental clubs in the School of Agriculture and the department of Agricultural Education. The main concern of the Council is to coordinate the activities of these groups.

A dance is held annually in the College Union Ballroom which is the high spot on the social calendar for Agricultural students. The Ag Fair is another important project of the Agricultural Council. Each year all of the agricultural clubs exhibit the various projects they have produced during the year.

DEAN HENRY L. KAMPHOEFFNER
School of Design

RICHARD MOORE, new head of the Landscape Architecture Department, discusses procedures with students.

SCHOOL OF DESIGN

Projects Receive Prizes As Well Conceived Works

THE School of Design is devoted to the development of a native art form in the practical and useful arts to meet the needs and conditions of the Southern region. It is intended to act as an educational center which unifies different design professions in the fundamental knowledge and methods which they share; its further intention is the education of men who will be competent within the particular field of design. Because character, a profound devotion, and an absolute professional commitment are prime ingredients of any creative activity where the social responsibilities are as vital as in architecture and design, the School seeks to foster and cultivate the integrity of the individual. The goal in the growth of a student is, through the stimulation and development of intellectual and emotional capacities together, the mastery of the architectural techniques of the profession. Professional instruction is offered the undergraduate in architecture, landscape architecture, and product design. A graduate program in all three departments is projected for the future.

DRAWING BOARDS, the symbol of the Design School, are usually manned far into the night. No rest in sight.

Seeks To Increase State Supply Of Class Teachers

THE current and anticipated increase in the population of secondary school age youth necessitates a greater number of competent teachers in the public schools of North Carolina, particularly in the areas of vocational agriculture, industrial arts, industrial education, mathematics and science. With this need in mind, the School of Education offers the degree of Bachelor of Science in the following areas of specialization: agricultural education (the only one in the state), industrial arts, industrial education, mathematics education, science education, and recreation and park administration. The curriculum leading to each degree includes courses designed to aid prospective teachers in acquiring an understanding of high school pupils, and in selecting and using acceptable teaching methods. The Master of Agricultural Education, Industrial Arts Education, Industrial Education, and Occupational Information and Guidance is awarded to students in education who meet the general requirements of the Graduate School and the specific requirements of the respective departments in which graduate work is taken.

DEAN J. BRYANT KIRKLAND
School of Education

Labs are necessary even for education majors. The learning process is not complete until lessons are put to practical use.

Grows In New Laboratory And Class Buildings

ENGINEERING studies are of the utmost interest and importance to those young men and women who look to industry, engineering education, or research for a career. These ambitions can well be furthered by the School of Engineering through its undergraduate or graduate programs, whereby students are offered technical instruction and leadership guidance by an experienced staff of qualified engineers and educators.

The School of Engineering is organized into eight engineering departments: Chemical, Civil, Electrical, Industrial, Mechanical, Mineral Industries, Mechanics, and Research. A committee also administers a nuclear engineering program. Research activities in

the School are centered not only on training future research workers, but also on carrying out a program that assures both sound investigations of a fundamental nature in engineering sciences and work devoted to greater uses of natural resources. They are based on a program correlated with graduate study in engineering.

Undergraduate degree programs are offered in the first six named departments and in nuclear engineering. All the teaching departments offer advanced studies leading to a professional degree or to the Master's degree. The Doctor of Philosophy program is offered in ceramic, chemical, civil, electrical, mechanical, and nuclear engineering.

Construction of a new Civil Engineering building illustrates the expansion that is taking place in the Engineering School.

Dr. James K. Ferrell, Chemical Engineering Professor, is shown with his steel flow loop in the background.

In reactor room, Dr. H. A. Lamonds, N.E. Head, is setting the goniometer angle in readiness for an experiment.

A ceramic experiment carried out in the heat of RF plasma crystal growing facility is seen by Dr. Palmour.

DEAN RALPH E. FADUM
School of Engineering

ENGINEERS' COUNCIL

To Donate N. C. State Aerial Photos To Schools

THE Engineers' Council is composed of representatives from various engineering organizations on campus. This year the Council will again sponsor the Engineers' Exposition. The Exposition consists of projects prepared for exhibition by students in engineering organizations.

The Council sponsors two dances during the school year. In the fall the Engineers' Ball is held. This year the Ball had a Hawaiian theme. During the spring semester the highlight is the knighting of the students into the Order of St. Patrick at the St. Patrick's Dance for Engineering students.

Lester, D. Carlidge, F. Pickard, J. Mason.

Prepares Students For A Career In Wood Products

INCREASING the productivity and quality of our forests is basic to the welfare of the Southeast. The importance of the forest resource to the economy of North Carolina is brought out by the fact that 62 percent of the land area is in forest, with wood products industries ranking next to textiles as a source of industrial employment. As a result, the School of Forestry offers a program that prepares students for service in the professional fields of forest management, pulp and paper technology, and wood technology. The degree of Master of Science is offered for those desiring specialization in the field of scientific research, and for students desiring a thorough professional background, the School offers the Master of Forestry or Wood Technology degrees.

Dr. W. D. Miller judges which cigar has been smoked the most in the annual Forestry Club Rolleo contest.

Pulpwood throwing is a traditional lumberjack feat of skill used to show off both ability and strength at woodlore.

DEAN R. J. PRESTON
School of Forestry

Carlyle Franklin demonstrates the use of the Swedish ladder important to foresters in climbing tall, limbless trees.

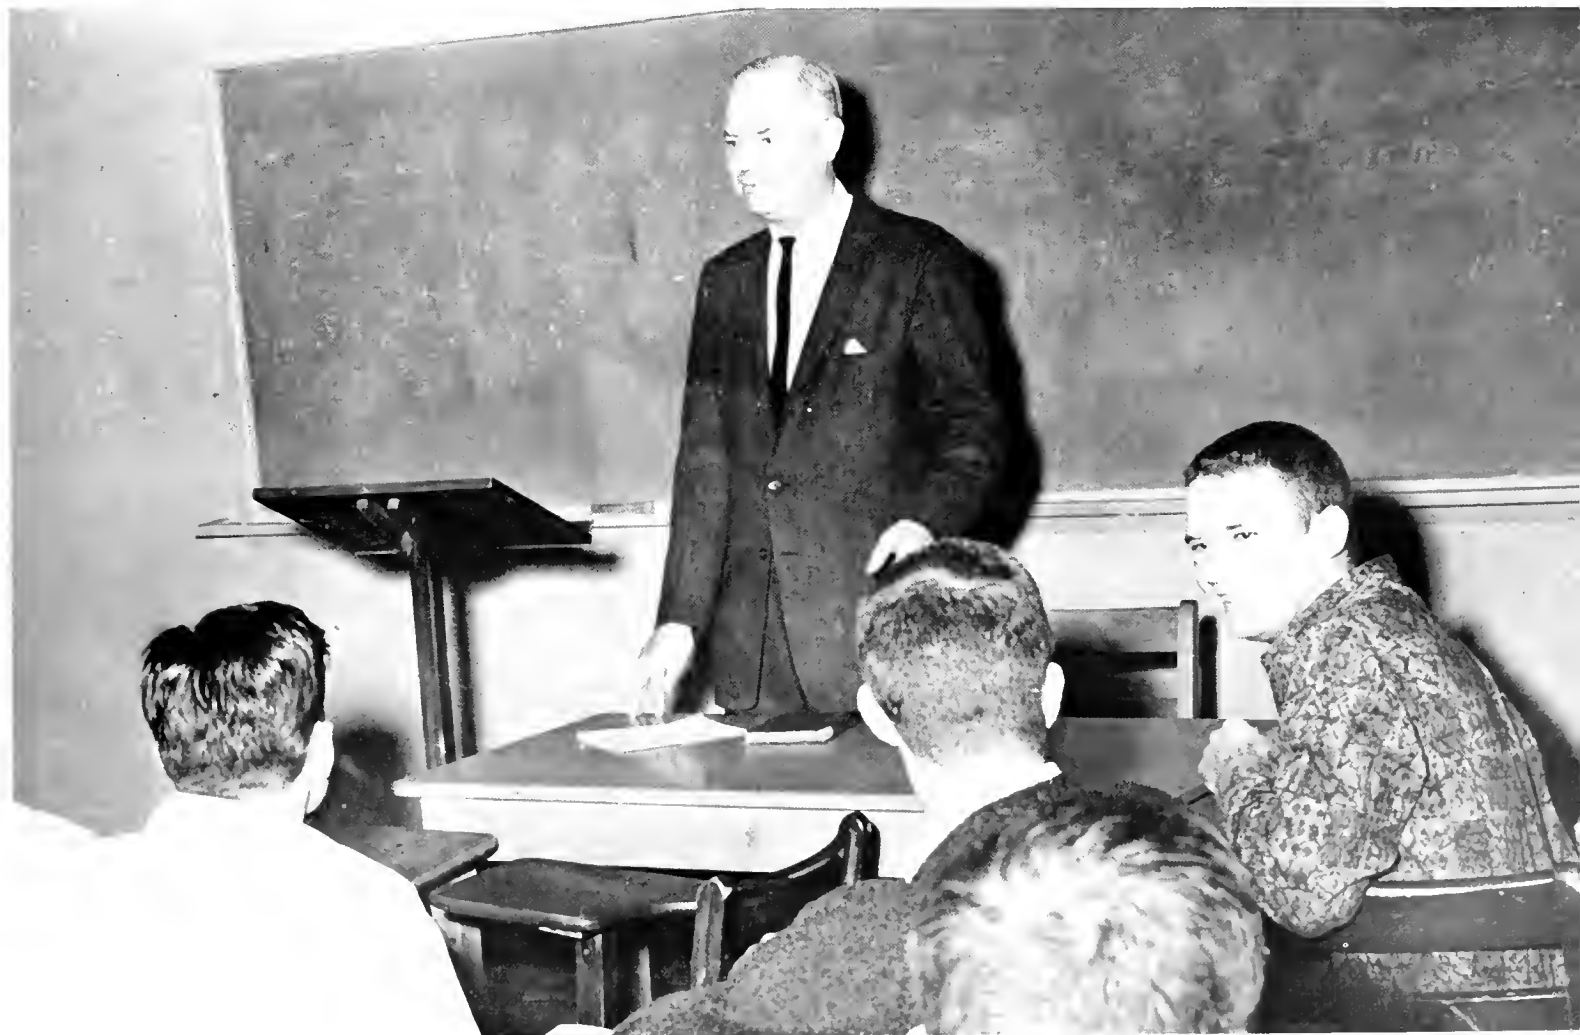

Plans Assembly Approval For Liberal Arts Degree

THE possibility of North Carolina State College offering a liberal arts degree in the future has directed much attention toward the School of General Studies. Placing emphasis on technical as well as liberal arts subjects, the School is divided into many departments: economics, English, history, political science, social studies, anthropology, modern languages, and physical education. Its purposes are to increase the student's understanding of our complex economic, social, political, and philosophical world; to teach him to think critically and scientifically; and to quicken his appreciation of the role of science and the arts in human affairs. The General Studies graduate may go directly into business or pursue an advanced liberal arts or technical degree.

DEAN FRED V. CAHILL, JR.
School of General Studies

Dr. Lodwick Hartley, Head of the English Department, teaches upper level English in addition to hiring professors.

Graduates Give Support In Scientific Fields

DEAN ARTHUR C. MENIUS, JR.
School of Physical Sciences

IN this period of ever increasing technological research, development, and production, Physical Sciences and Applied Mathematics has come to be one of the most important schools at North Carolina State College. Not only has the program enlarged academically, but also emphasis on research has grown. The School, divided into the departments of Physics, Chemistry, Mathematics, and Experimental Statistics, has as its objectives the training of scientists and mathematicians and the technical support of curricula in agriculture, education, textiles, forestry, design, and engineering. Special equipment and laboratories associated with the departments of the School are a complete radiochemistry laboratory, a low power homogeneous reactor and a heterogeneous reactor designed for 100 kw, a one million volt Van de Graaff accelerator, an IBM 650 digital computer, and two analog computers. Presently the Master of Science degree is offered by each department, with a doctorate available in Physics and Statistics.

THE SCIENCE COUNCIL

Initiates Many Socials For Science Students

THE Science Council, founded in 1961 as the governing body for the students in the School of Physical Sciences and Applied Mathematics, sponsors a picnic in the Fall to help with orientation of incoming Freshmen. This picnic allows the freshman to escape the bustle of orientation and gives the student a chance to meet his future professors.

The Council has taken on various other projects important to the School, including the publication of a magazine and the acquisition of books for a section in the reserve book room of the library. A new decal is now in the process of being approved.

This Spring the Council is planning another picnic for students majoring in Physical Sciences.

First Row: Pres. J. Stevens, V.-Pres. R. Brady, Sec. E. Oliver, Treas. P. Helminger, Advisor A. F. Coots. Second Row: A. Van Nostrand, W. Garrison, T. Banks, T. Bentley, L. Spruill, R. Smith, W. Whitt, W. Guion. Third Row: F. Ziglar, J. Lawrence, S. Ward, A. Fakler, D. Shackman.

Graduates To Staff State's Largest Industry

TEXTILES is one of the most important industrial fields of our state. As a result, North Carolina State College has developed the world's leading School of Textiles, both in instruction and facilities. For administration, the School is organized into four departments: Textile Technology, Knitting Technology, Textile Chemistry, and Textile Research; and it offers two basic four-year curricula: Textile Technology and Textile Chemistry. After the freshman year, these two programs differ. However, there is sufficient similarity in the first year to permit the student to defer the final decision as to his major field of study until the end of the freshman year. Four important purposes of the School are to educate men and women for professional service in all phases of the textile industry, to develop leadership, to aid the economic development of the industry, and to cooperate with the industry—through scientific research—in improving manufacturing efficiency and the quality and value of textile products.

DEAN MALCOLM E. CAMPBELL
School of Textiles

TOMPKINS TEXTILE COUNCIL

Joins Honor Code Board In Halting Cheating

ANNUALLY the Tompkins Textile Council undertakes various activities for the betterment of the School of Textiles. Some of these activities are: a picnic held at Umstead State Park for incoming freshmen, a high school day for these students to visit the Textile School, a Christmas party for underprivileged children, and an annual dance for Textile

Juniors and Seniors.

Presently, the Textile Council is planning a new display depicting education in Textiles and is distributing posters stressing the Honor Code. A request has been made to the Student Government to have diplomas changed from their present small size to one of a larger size and better quality.

First Row: V.-Pres. E. York, Pres. S. Jenkins, Treas. R. McCarter, Sec. L. Burleson; Second Row: J. Laughinghouse, J. Younts, T. Hester, L. Matheson, T. Jordan; Third Row: P. Tucker, R. Reynolds, H. DeLoach, G. Warner, R. Shinn, B. Howle.

INTERFRATERNITY COUNCIL

Helps Frat Leaders With New Leadership Seminars

DURING the past year the Interfraternity Council has been active helping its member fraternities as well as the college and community.

Academically, the all-fraternity average continued to be above the all-men's average. The Junior IFC, whose primary purpose is the betterment of pledge scholarship, has been continued. Long-awaited Fraternity Row is now under construction. In anticipation of the Row, the IFC sponsored a leadership seminar to make fraternity leaders more aware of the problems the future will present.

For our campus, fraternity men have continued to fill campus leadership positions. Over two-thirds of Golden Chain and Blue Key are Greeks. New Arts, Inc., sponsored by the IFC and the College Union, furnishes the best in folk music and jazz concerts to its season members.

In behalf of a better community, the fraternities had Christmas parties for orphans and underprivileged children, collected canned food for the Raleigh Welfare Department, assisted the American Cancer Society in their drive last spring, and supplied ushers for the Friends of the College concerts.

Kappa Alpha had a social program highlighted by the Roman party and the beach weekend. Founders' Day was observed by means of a banquet which was enjoyed by everyone. In sports KA copped the golf title and the Dixie Classic basketball championship to place high in the interfraternity standings. KA is also proud of Miss Jane Riggan who was named Homecoming Queen for 1962.

Dorm Life

BRRING! Oh, that cursed alarm clock! Another day begins and the dorm comes alive with students climbing out of the rack.

A QUICK BRUSHING will bring back that Ipana smile and make the professor think you're awake.

Arise

HAVING SLEPT to the last minute, this unlucky student must depend on some machine made mud to get him awake.

LET'S SEE NOW, math, English, chemistry. Looks as if I'll have at least a hundred pounds of books to carry to class.

WANDERING MILES and miles between classes makes one seriously consider the possibilities of returning to the rack.

ONCE A WEEK all freshmen and sophomores return to the dorm, put on a uniform, and go march with the military.

LUNCH in the mop-up is a fate that awaits those who do not schedule time for lunch. Just soup and sandwiches.

Lunch

MAIL CALL is the most anticipated event of the day. Only a letter from home can dispel the grief of an F.

AN EMPTY DISK calls to its owner to come to use it. The events to come demand proper use of all study time.

DISTURBANCE comes through a curious neighbor who needs help on some math or just wants to talk.

NOT ALL ACTIVITY in the dormitories is studying and playing around. Much time is spent in work on constructive hobbies.

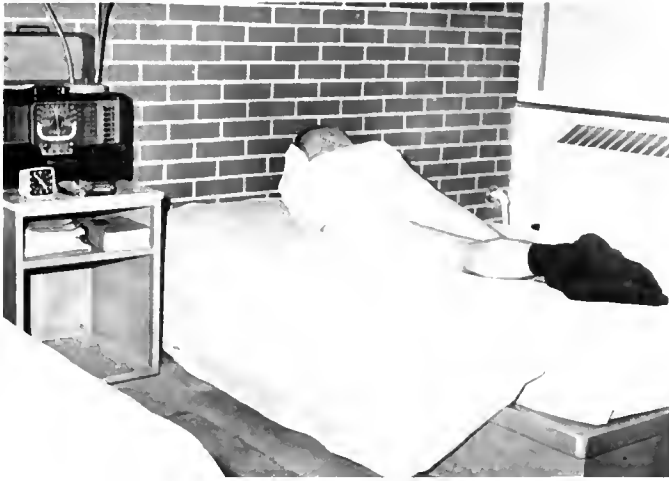

Activities

PLAYING CHESS can be termed intellectual exercise if it is not done at the expense of more important things.

DORM LEAGUE FOOTBALL is well organized and draws good participation from all dorms. Tucker was the champion.

A STRENUOUS AFTERNOON'S LABOR makes a brief rest helpful before entering the evening schedule of activity.

DO-IT-YOURSELF LAUNDRY is both inexpensive and quick. However, most roommates prefer the college laundry.

THE CAFETERIA offers a good quick service to those who need to eat and run or those who have time to eat leisurely.

PLAYING A SHORT HAND OF BRIDGE or looking at a girl's picture are good excuses to put off studying a little more.

DORMITORY HOSTS John and Marie Fulton are especially helpful to fresh men who are just getting oriented and need experienced help in adjustment.

MUCH TIME is spent by State students tying up the Meredith and St. Mary's lines.

PREPARATIONS for that important date include a shine and shower. Hope Roy's gets those shirts done in time.

Date

SM'S ON THE WAY. Though State has few coeds, men have little trouble finding dates at nearby schools.

Meanwhile

A BURST OF ENERGY results in a rebound in a closely contested interdormitory game. Turlington won the crown.

THE ONE SNOW of the year draws dorm occupants out to play. Mr. Watts heaved a sigh of relief when it melted.

WATCHING THE TUBE is the dorm man's favorite pastime. It is on continually from the morning to the late show.

BUILDING MODEL AIRPLANES is both a hobby and a means of gaining insight into an important phase of engineering.

BODY BUILDING in the room may possibly please his girl but what about those guys who live in the room below?

PING-PONG TABLES are provided in several of the dorms, here in Becton, as another way for students to spend spare time.

NOTHING TYPICALS GROUP LIVING more than the never ending bull sessions. Here all the world's problems are solved.

THERE WILL ALWAYS BE some people on every hall who never study, but are forever aggravating other people.

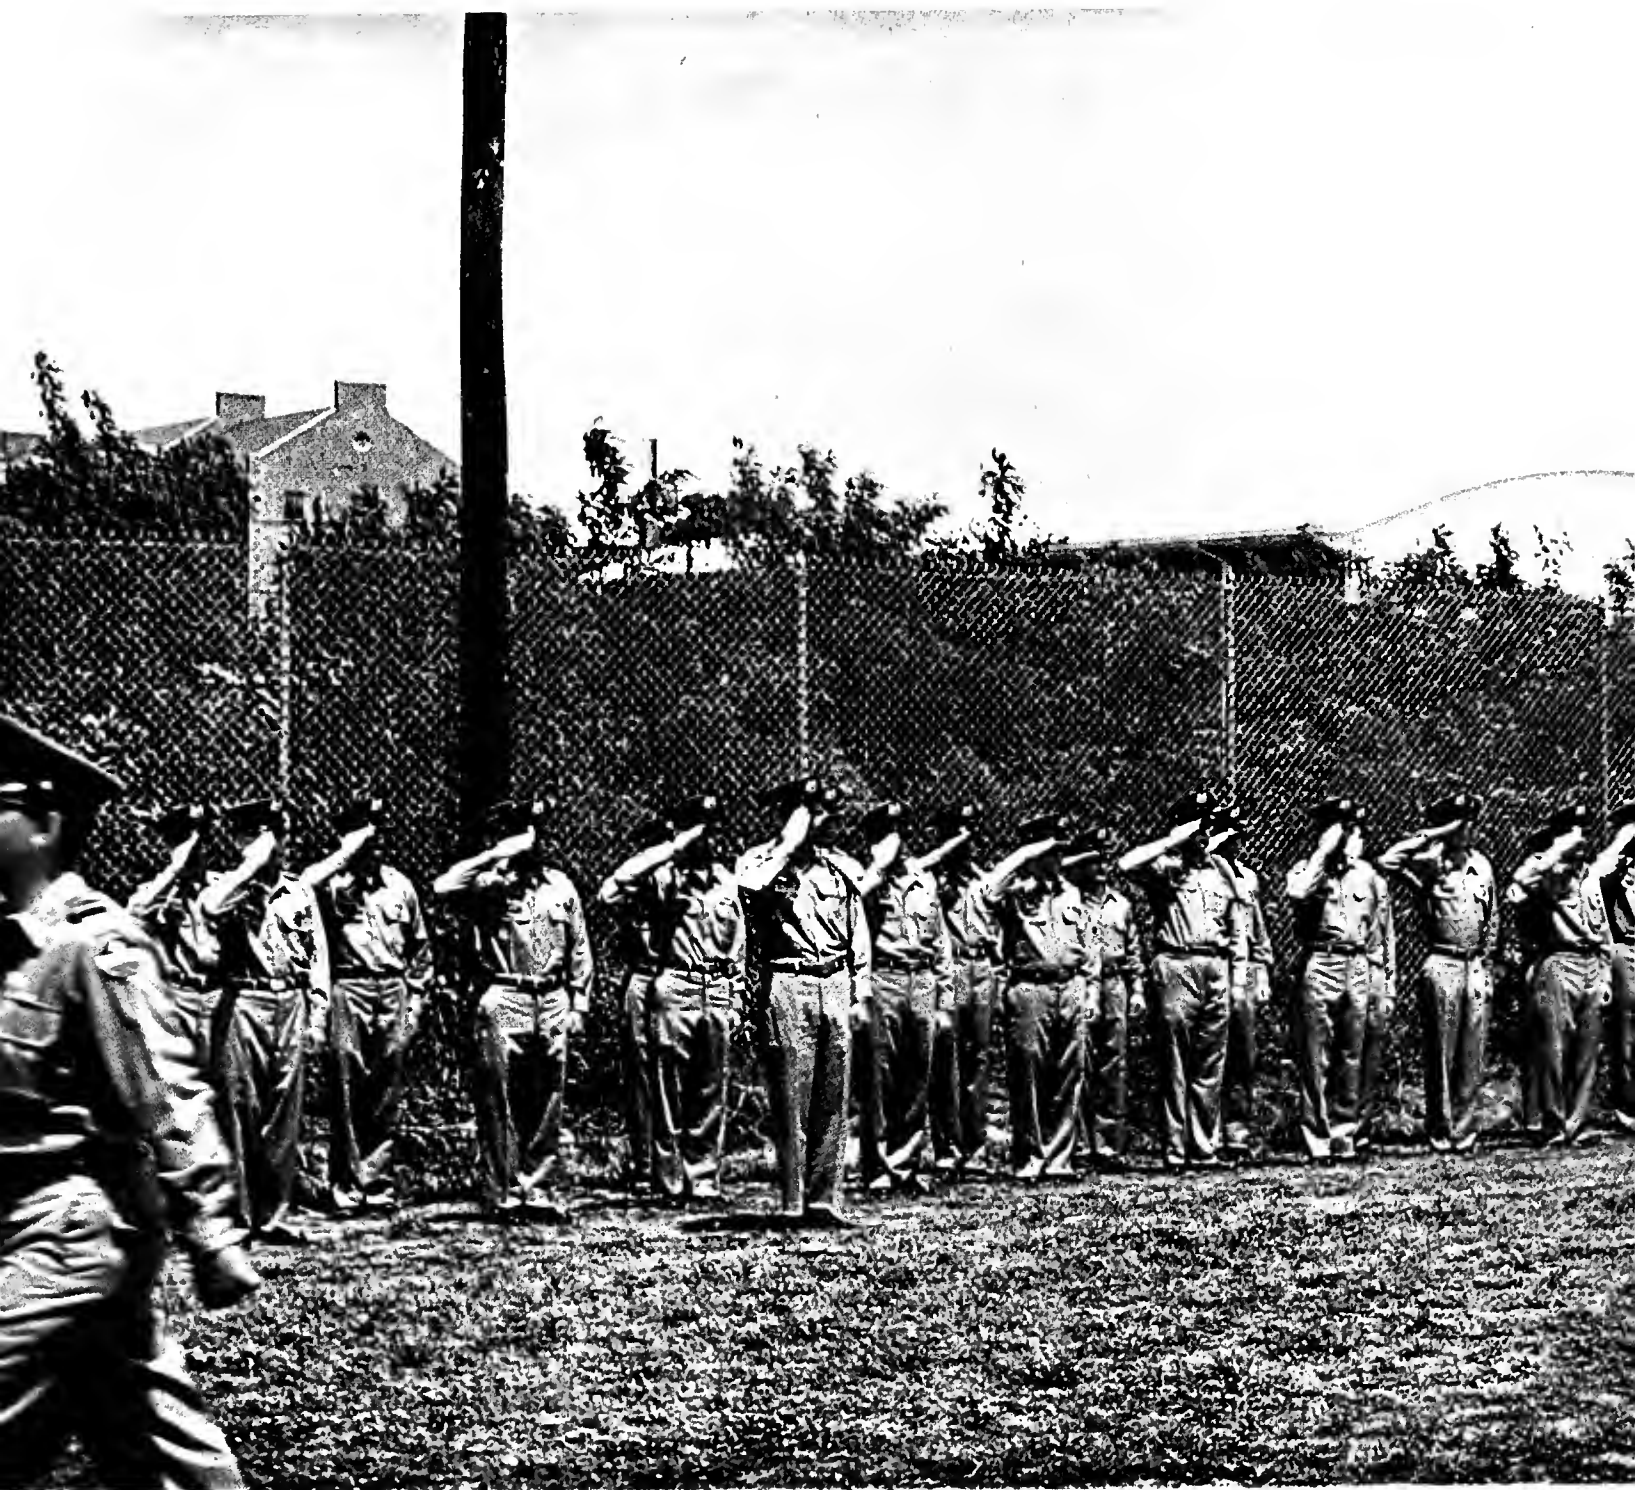

AT LAST the day is over. There is some work left to be done, but first some relaxation is in order before going to bed.

A COMPLETE COMBO is set up in Gold dorm. After a short airing on WKNC, they are almost ready to go professional.

BACK TO BED. The State student doesn't spend as much time here as is popularly supposed, but it's not a result of his choice.

IN
CHARACTER

military/organizations

THE MEMORY OF PEARL HARBOR prompts these Marching Cadets to march guard duty on Pearl Harbor Day.

DRILL'S OVER AT LAST! Now to get out of this uniform.

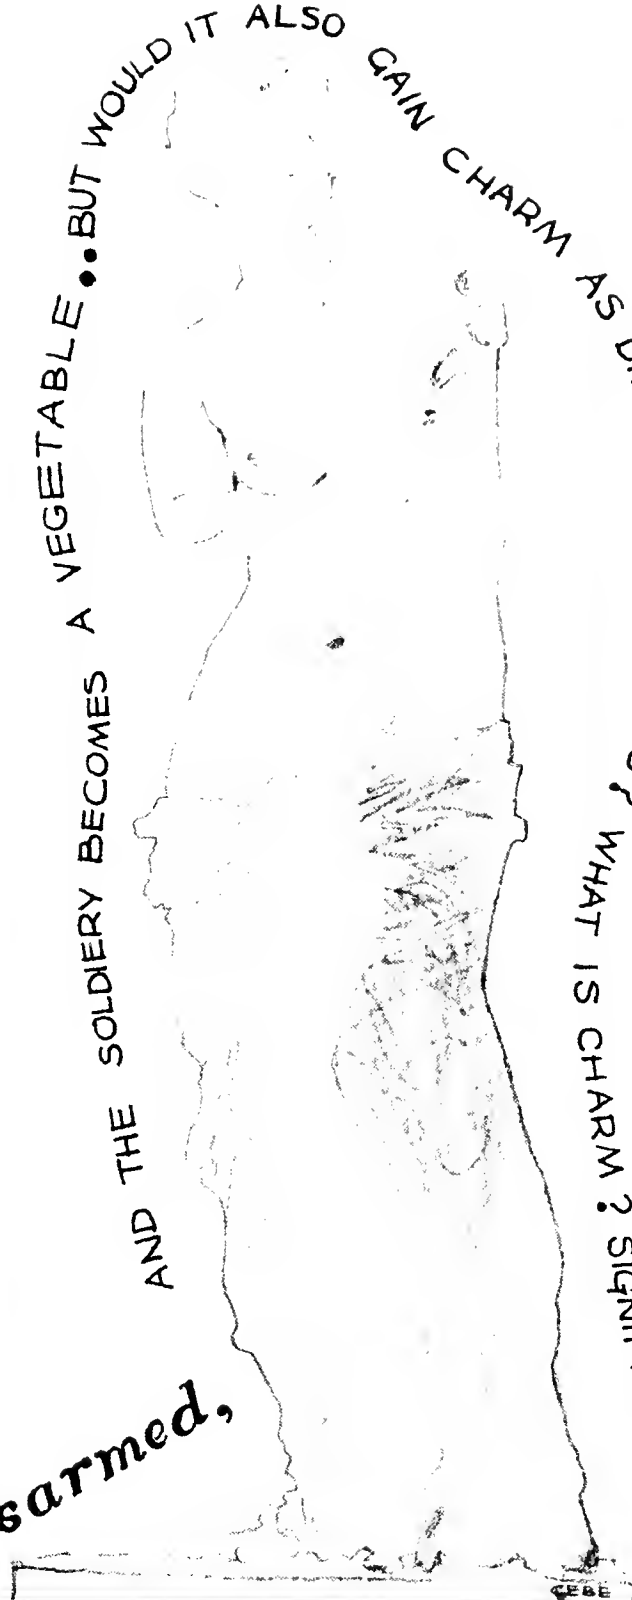

OUR RIFLES, those costly, well-cleaned weapons we spend an hour a week carrying around, just to clean again.

AIR FORCE CADRE

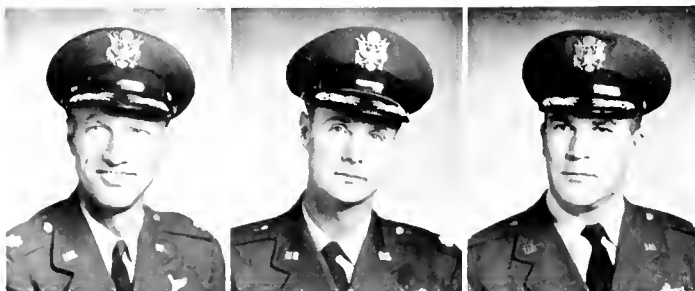

Colonel James D. Howder
Professor of Air Science

The Air Force looks to its Reserve Officers Training Corps program for many of its future leaders.

The basic course provides students with an understanding of fundamental military discipline and organization through a coordinated plan of drill and classroom instruction.

This program provides a basic knowledge of the air age and the influence of air power on world affairs, a knowledge which is essential for good citizenship, civilian or military, in today's world. The Advanced Course for selected volunteer juniors and seniors provides more intensive academic and leadership training to qualify graduates for commissions and active duty. This is accomplished through more sophisticated classroom instruction and the delegation of responsibility in drill assignments.

Throughout the AFROTC course a primary objective is to develop in students qualities of leadership and the ability to communicate effectively. These are keys to success in both military and civilian careers.

THE BOARD OF Finances Work Area Move

THE year 1962-63 saw the major student publications attempting an overhaul. The *Technician* acquired an increasingly professional look. WKNC announced new, varied programs. The AGROMECK redesigned its staff and took a long, hard look at some of its contents. Through all this the Board of Student Publications acted as a clearing house for gripes, nominations, and pointed comments. The Board did what it could to smooth the way, set up new budget procedures, and remove the election of business managers from the hands of the campus electorate.

DR. MAX HALPEREN serves as the Chairman of the Board of Publications and the faculty advisor for the *Technician*.

THE "OUTSTANDING PUBLICATION OF THE YEAR AWARD" is presented at the annual spring Publication Board banquet.

THE MAJORITY OF WORK DONE at the publications office is accomplished by the secretary, Carol Hill Kenfield.

AGROMECK

Considers Book Revision For Coming Publications

WORK on this year's edition of the AGROMECK was aided by the move to new quarters in the basement of King Religious Center. The new location's being close to WKNC and the *Technician* made possible closer coordination among these arms of student communication, from which the AGROMECK benefitted greatly. New darkroom facilities close to the working area proved very convenient.

An attempt was made to enlarge the staff by having co-section editors. During the year several items were brought up for revision, and the results of committee work on them will be seen next year. The format has been changed somewhat, and we hope you will find your picture in the book.

TECHNICIAN

Creates Ideas And Sways State Students' Opinions

IT'S twelve midnight on a copy night.

Mike is sweating over the typewriter trying to finish an editorial on which he has been working all night, but which he has done in bits and pieces because of frequent interruptions.

Allen is checking on the work schedules.

Grant is seeing that no news has been left out of the night's paper and is making assignments.

Cora is proofing and griping about errors.

Doug is yelling at Mike and telling him to write a controversial editorial so that he will have enough letters to the editor to fill the second page.

Curtiss is cursing because a picture for the front page has not been developed.

Carlos has not shown up yet.

The staff writers are preparing to leave.

A typical night—one which insures a forum for student opinion and gives the community a knowledge of campus happenings.

Transmits The Best In Musical Entertainment

IN January of 1947, Harrison C. Wroton, a junior in Aeronautical Engineering, built State College's first radio station. It consisted of a one-tube, low power transmitter, a small public address amplifier, a record player, and a few records. Since then the station has expanded many times. WKNC is now housed in new air-conditioned studios in the Publications Center. It boasts of having two control consoles, professional tape recorders and turntables, and a library of over 12,000 records. Originally worth only \$100, WKNC is now valued at more than \$35,000. Offering valuable experience to students interested in radio, WKNC is a student organization that strives to bring to the students of North Carolina State College and Peace College "the best in contemporary collegiate radio programming."

Is Edited Annually By Forestry Club Members

Sitting: Carlyle Franklin, Editor; Standing: Blake Ballard, Bus. Mgr.; Tom Ferrari, Asst. Bus. Mgr.; Charles Lee, Asst. Editor.

THE *Pinetum* is the annual publication of the School of Forestry at North Carolina State College and is sponsored by the Forestry Club. This publication serves to maintain an effective line of communication between alumni, faculty, graduate students, undergraduate students, and the forestry industry.

The *Pinetum* is a record of special events and student activities that take place in the School of Forestry. This publication gives special recognition to new faculty members, scholarship winners, and other outstanding personalities in the School of Forestry. It contains significant achievements in research which are highlighted with special reference to the diversified nature of the field of forestry. In addition, reports and articles of information concerning school forests and research projects in forestry are included, as well as letters received from practicing alumni around the world.

The *Pinetum* is a significant factor in the overall effectiveness of the School of Forestry.

SOUTHERN ENGINEER

Won A First Place Award For State Graduate Item

THE *Southern Engineer* is a bi-monthly magazine published by students in the School of Engineering and sponsored by the Engineers' Council.

The *Southern Engineer* is the main line of communication between engineering students, the faculty, and engineering alumni in industry. It helps students in engineering curricula to broaden their interests in other areas by having a number of articles in each issue on diversified subjects.

Each issue also includes an article written by Dean Ralph E. Fadum and an article recognizing outstanding alumni in the engineering field.

The *Southern Engineer* received a first place award for its articles on outstanding State College graduates. This is just another example of the fact that the *Southern Engineer* has become one of the leading technical journals of the South.

BARRY SMITH, Editor; PAUL HUMPHRIES, Bus. Mgr.

Is Pledged Full Support By Faculty And Students

THE *Textile Forum* is the publication of the School of Textiles. It is published five times each year, and is managed jointly by the five professional textile fraternities in the Textile School, which include Delta Kappi Phi, Phi Psi, Kappa Tau Beta, A.A.T.C.C., and Sigma Tau Sigma. Also assisting on this publication are five faculty advisors. These advisors represent the different areas in the textile industry. By having such a wide variety of backgrounds on the staff the *Textile Forum* is able to keep abreast with the fast changing industry.

The magazine features articles written by the outstanding leaders in chemical, synthetic fiber, and the textile manufacturing industry. Copies of the publication are sent to leading textile firms throughout the United States and in many foreign countries. In this manner the publication serves to promote closer relations between the textile industry, the faculty members, and all textile students.

THE STUDENT PUBLICATION OF THE SCHOOL OF DESIGN

Sponsors The Annual Art Auction For Its Support

THE *Student Publication of the School of Design* was originated by design students and is now maintained as an independent student project. The publication is supported in part by student fees, subscriptions, and donations of friends. However, a great part of the financial support of this magazine is realized from the proceeds of an annual art auction.

The editors and staff of the design publication firmly believe that a satisfactory solution to a problem can only be brought about by an orderly and well-defined process and, in this light, they present the feelings and considerations of outstanding architects. The articles as published in this magazine are the writings of such people as Joseph Hudnut, Dean Emeritus of the Harvard School of Design, and Sir Herbert Read, a British scholar and critic, both experts in the field of design.

Chuck McMurray, *Bus. Mgr.*; Jim Posey, *Asst. Editor*; John Reuer, *Editor*.

Leads Campus In Efforts To Obstruct Name Change

THIS is the body charged with administering all student self-government on the campus. These student leaders coordinate all student activities and organizations, seek to promote and improve the general welfare, and represent the students in dealing with the faculty and college administration.

The student government is always among the first to take a stand on campus issues. During the year, the major issue was the changing of the college's name. The student government took a very strong stand against the name change, and after many hot debates and long deliberations, the issue was lost to a compromise name change. Nevertheless, the leaders in student government did their best to fulfill the wishes of the student body.

FLOYD McCALL, *President*

WOODY TAYLOR, *Vice-President*

JOHN CARR, *Secretary*

JOHN BYNUM, *Treasurer*

ACADEMIC AFFAIRS

The Committee on Academic Affairs promotes academic reform through the recommendation of changes in the curricula of the college and cooperates and works with other groups interested in improving scholastic standards.

Members: *Chairman*, Rocky Thompson; Jim Rhodes; Herb Goldston; Eugene Bryan; Jim Barr; Howard Price; Magnus Halldorson.

ELECTIONS

The Committee on Elections plans and executes all elections, formulates and enforces election rules, publishes these rules for the student body, and promotes student body interest and participation in all campus elections.

Members: Grant Warner; Billy Koonce; Bob Williams; Glenn Chappell; Norman Nifong; Ron Stinner.

PROMOTIONS

The Committee on Promotions strives to promote education and publicity in the interest of progressively better Student Government, promotes progressive reform in the structure and operation of the Legislature, and reports news items weekly to campus publications.

Members: Brian Little; Lynn Spruill; Ronald Bowers; John Atkins; Douglas Crater; Joe Penny; Michael Ford; Henry Pasour.

INVESTIGATIONS

The Committee on Investigations investigates all matters deemed necessary by the Legislature, executes an annual survey of campus opinion with regard to needed campus improvement, and submits a summary of the findings to the Legislature.

Members: *Chairman*, Ralph Bowman; James Gribble; John Farmer; Jimmy Gregory; P. K. Moore; John Jordan.

CAMPUS WELFARE

The Committee on Campus Welfare strives to improve existing conditions on campus such as student housing, student dining facilities, social programs, recreational programs, and religious activities.

Members: *Chairman*, Joe Carpenter; Rocky Barker; James Rudisill; Sidney Gambell; Jim Miller.

BUDGETARY AND FINANCE

The Committee on Budget and Finance administers funds in accordance with the Constitution, interviews representatives of organizations requesting appropriations, makes recommendations concerning the allocation of these funds, and originates bills concerning financial matters.

Members: *Chairman*, John Bynum; Horace Skipper.

RULES

The Committee on Rules investigates any proposed changes to the Constitution, makes recommendations on these changes to Student Government, and orientates new members of the Legislature at the beginning of their term of office.

Members: *Chairman*, Simmons Isler; William Howle; Ellis Whitt; Robert Andrews; Stephen Landuough; Beckton James.

TRAFFIC

The Student Government Traffic Committee is appointed by the Student Government President. The members of this committee hear student traffic appeals and also act as members of the College Traffic Committee.

Members: *Chairman*, Edward Merritt; George Morelock; William Smith; Fred Cambell; Norman Nifong; Ken Canter; Darrell Steagall; Robert Griffin.

ORIENTATION COMMISSION

The Orientation Commission's program during Orientation Week helps freshmen make the transition from high school to college and helps all new students to become acquainted with the campus and the college's regulations.

Members: *Chairman*, Lynn Spruill; John Yarbrough; Martha McLaughlin; Mike Jones; Charles Biggs; Lewis Lawrence; Robert Whichard; Brian Little.

CAFETERIA ADVISORY BOARD

The Cafeteria Advisory Board investigates student complaints directed at the quality and price of the food served in the campus cafeteria, and the Board evaluates the service and cleanliness in the campus cafeteria.

Members: *Chairman*, John Roy; Robert Whichard.

CONSOLIDATED UNIVERSITY STUDENT COUNCIL

The Consolidated University Student Council coordinates affairs between the three branches of the Consolidated University. The Council deals with major problems which are mutual to the three branches and sponsors a Consolidated University Day at each of the three schools.

Members: *President*, Jim Jones; *Chairman*, Jack Jordan.

HONOR STUDY COMMISSION

The Honor Study Commission analyzes each of the three judicial boards and makes recommendations for any changes needed. This year the Commission established the Judicial Candidate Approval Board.

Members: *Chairman*, Jim Rhodes; Tom Banks; John Cameron; Tom Ward; Buford Guy.

Joined By Textile Group In Eliminating Cheating

THE Honor Code is not merely another approach to the problem of student honesty; it is basically an integral part of North Carolina State College's educational philosophy.

The Honor Code Board has the responsibility of trying all alleged violations of the Honor Code and of recommending appropriate disciplinary measures if an alleged violator is found guilty. The Honor Code Board is composed of ten students elected by the student body on a class basis.

The honor system exists on the premise that each individual values highly his personal honesty and has pride in his integrity. This system is a positive one in that it poses no bounds, but gives the individual complete freedom in shaping his own character and creating a strong sense of honor.

BOB GRIFFITH discusses the findings of his investigations on a cheating case with Chairman John Cameron.

Front Row: Chairman John Cameron, Bob Griffith, Tom Miller, Bill Thorn; Second Row: Mike Scofield, Parks Cobb, Bob Shearin.

TOM BANKS, Chairman of the Campus Code Board, discusses the case of an alleged violator with Bill Mickey.

CAMPUS CODE BOARD

Prevents Wrongful Entry To Coliseum Registering

THE Campus Code is the second component of the honor system. It is a pledge on the part of each male student to conduct himself in a manner befitting a gentleman under all circumstances. Since "gentlemanly conduct" cannot be precisely defined, the interpretation is left to the student who must rely upon his own training and common sense. To this ideal of honorable conduct all men may be assumed to be dedicated, regardless of their status. However, at North Carolina State College it is a responsibility assumed upon entering.

The ten member Campus Code Board has the responsibility of trying all alleged violations of the Campus Code made by male students and of recommending appropriate disciplinary measures if the alleged violator is found guilty.

Front Row: Chairman Tom Banks, Bill Mickey, Frank Smith, Pete Lahrer, Steve Henderson; Second Row: James Rutledge, Tom McConnell, John Speight, Bill Anderson, John Long.

WOMEN'S CAMPUS CODE BOARD

Governs Conduct Of Coed On State College Campus

THE Campus Code is the second component of the Honor System. It is a pledge on the part of each female student to conduct herself in a manner befitting a lady under all circumstances and on all occasions. Since "ladylike conduct" cannot be precisely defined, the interpretation is left to the student who must rely upon her own training and common sense. To this ideal of honorable conduct all women may be assumed to be dedicated, regardless of their status. However, at North Carolina State College it is a responsibility assumed upon entering.

The Women's Campus Code Board has the responsibility of trying all alleged violations of the Campus Code made by female students and of recommending appropriate disciplinary measures if the alleged violator is found guilty. The Women's Campus Code Board is composed of six elected female students.

KAYE PERRYMAN and Mrs. Alice Shirley discuss the aspects of the Honor System as applied to women's conduct.

Front Row: Chairman Kaye Perryman, Peggy McConnell, Peggy Hollingsworth; Second Row: Cora Kemp, Joan Corter, Cynthia Johnson, Helen Wigg.

YMCA members participating in group discussions stimulate mixed emotions and try to solve the world's problems.

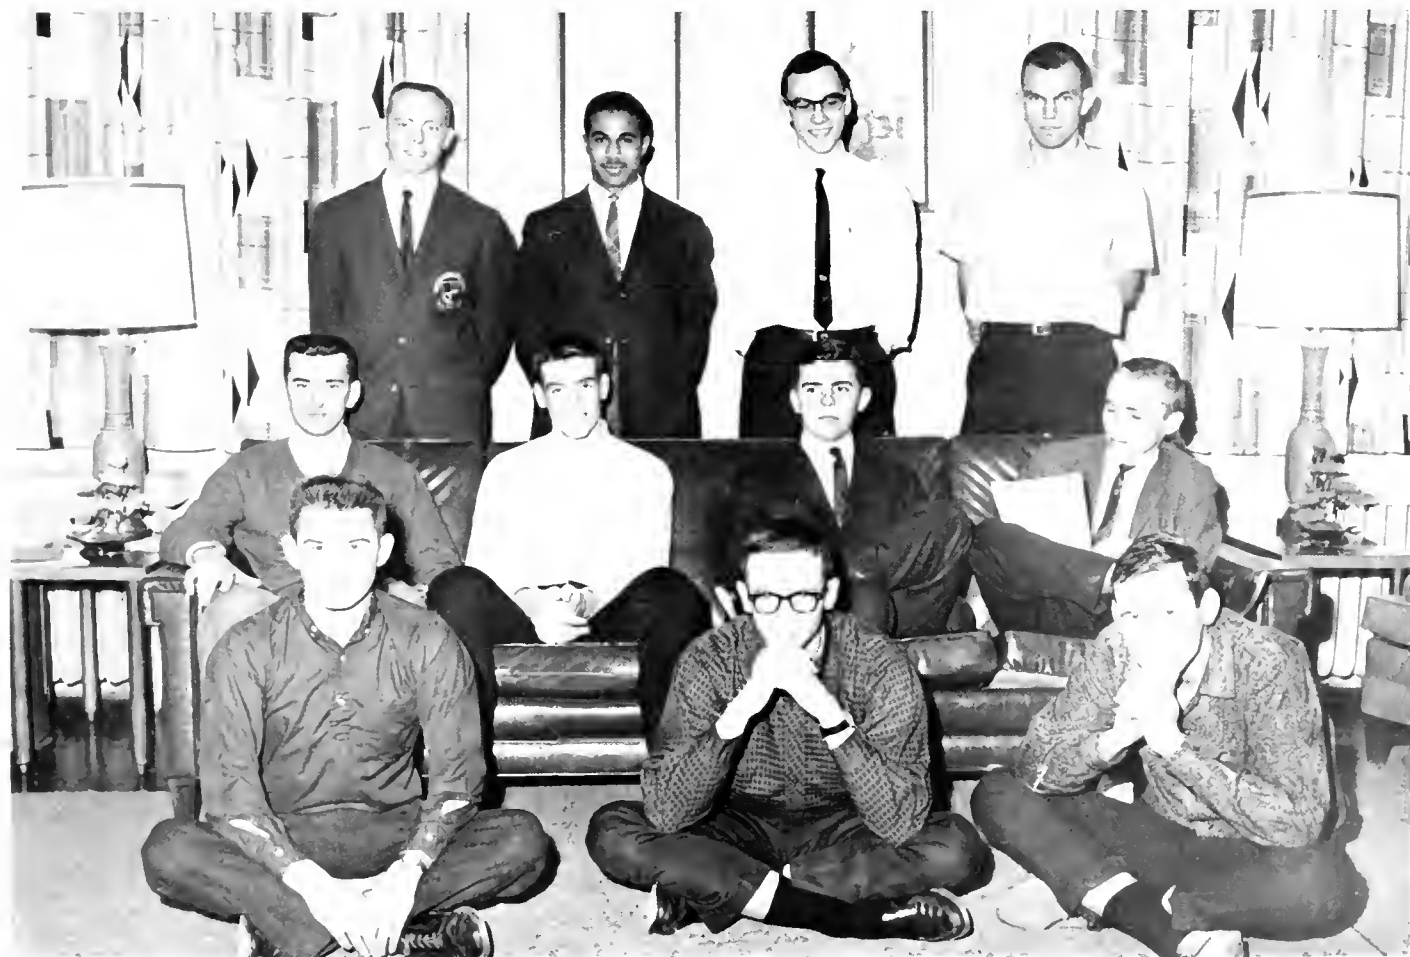

Y M C A

Offers Weekend Retreats To Faculty And Students

THE purpose of the North Carolina State College YMCA is to stimulate religious development and to provide an opportunity for the student to relate his academic experience to his faith.

These principles are reflected in the "Y" program through dorm devotions, weekday and Sunday chapel services in Danforth Chapel, religious conferences, and other religious activities. In a less obvious but still profound way, these principles are applied to activities which are vital to the needs of the student in the community and the world in which he finds himself. These activities include international student programs, seminars on courtship and marriage, United Nations assemblies, political affairs, art and music lectures, and dramatic presentations. Weekend faculty and student retreats with programs involving everyday problems and the Apollo Club give an added depth to the "Y" program.

Front Row: Ralph Keel, Jack Poisson, Keller Smith. *Second Row:* George Flosman, Frank Briner, Jerry Stone, Fred Lindsey. *Third Row:* Pres. Carlyle Franklin, V.-Pres. Garland McAdoo, Sec. Tom Bently, Treas. Don Zoble.

Coordinates Programs Of Great Value To Students

THE College Union is the Student's home away from home. It is a Student Community in one building, containing a restaurant, hotel, and complete facilities for recreation and activities.

The building, however, is merely the instrument through which an idea is accomplished; the heart of the organization is found in combined efforts of the Officers, Board of Chairmen, Committees, and Directors.

College Union's policy and budget are handled by the Board of Directors.

The Board of Chairmen consists of the student president, vice-president, secretary, and the chairmen of the sixteen standing committees. The Board meets weekly. It critically analyzes all the programs of each committee and coordinates the events that are sponsored jointly.

The Union Committee is a proving ground for initiative, dependability, loyalty, and tolerance. Since students graduating from college are often Grade "A" technicians and Grade "D" leaders, the Union's prime objective is to teach students to become effective leaders and citizens.

The Board of Directors is composed of faculty and staff members who make themselves available to the committees for advice and guidance.

The College Union offers practical experience in understanding and working with people.

WILLARD BARBEE
President

THE CERAMICS CLASS meets twice weekly in the College Union to stimulate interest and skill in ceramic arts.

ALPHA PHI OMEGA

Pictures Bell Tower For Front Of Christmas Card

THE Campus Chest Drive is Alpha Phi Omega's biggest event of the year. The Drive is sponsored by Student Government and is coordinated by Alpha Phi Omega.

The first social event of the year is the pledge smoker, followed by monthly socials, and climaxed by a beach trip.

This year APO printed Christmas cards with a snow scene of the Bell Tower. Distribution of the student directories, which were printed by the Student Activities office, sponsorship of the Proper-Dress Show, and building a homecoming float were other APO activities. The club also participated in civic events by helping in the annual food drive, and by helping to move the Olivia Raney Library

ALPHA PHI OMEGA brothers and dates are on their way to find suitable campsites for the weekend campout.

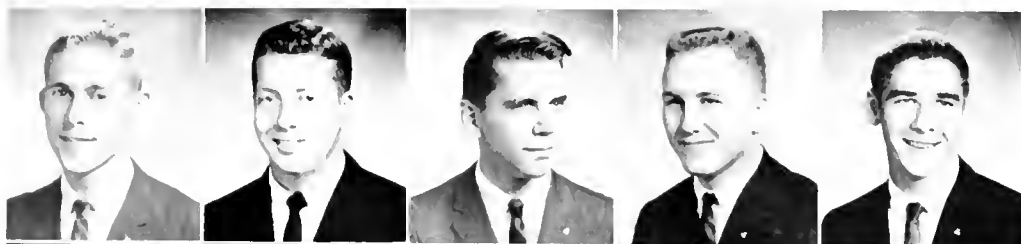

Left: APO members assist with registration each semester. Right: APO members and dates enjoy themselves at Camp Durant.

MUSICAL ORGANIZATIONS

Perform Annually In All Areas Of North Carolina

SINCE their founding in 1900, the Musical Organizations have occupied an important place in the life of the campus and the state. They present concerts of cultural and entertaining value to the student body, faculty, and the college community.

Membership in these organizations is open to any student, selection being based on meeting or attaining musical standards. The Musical Organizations afford an opportunity of maintaining and developing an interest in music as an avocation through participation in a serious and distinctive medium of music expression.

Each year the 170 piece Marching Band, the Symphonic Band, and the Men's Glee Club make appearances away from Raleigh representing North Carolina State at various functions throughout the South.

It is particularly significant that so many students involved in technological study avail themselves of this musical opportunity.

THE NORTH CAROLINA STATE COLLEGE MARCHING BAND forms the floating STATE block at all pre-game performances.

CIRCLE K CLUB

Helps With Registration Of Students In Coliseum

CIRCLE K Club has spent much of the year developing a better and more efficient club from within by enlarging its membership, seeking wider campus publicity, developing club by-laws, promoting club socials, and developing leaders.

Circle K activities for the year are: assisting with fall and spring registration, participation in the Campus Fund Drive, assisting the Capital City Kiwanis Club with the Boys' Club project, holding the annual club banquet, sponsoring a Christmas party for State Blind School children, sponsoring a Homecoming Queen entry, helping to move Olivia Raney Public Library to a new building, and four social events for Circle K members.

THE CIRCLE K CLUB'S PLANNING COMMITTEE meets with President Hughes to discuss the annual spring banquet.

AT THE ALPHA ZETA BOOK EXCHANGE students are given the chance to buy or sell used books at a fair price.

ALPHA ZETA

Donates Scholarships To Outstanding AG Students

THE most important convenience provided by Alpha Zeta is the book exchange. Alpha Zeta members conduct the exchange at the beginning of each semester in the cloakroom of the College Union.

Another important service provided by Alpha Zeta is the donation of two \$150 scholarships to outstanding students in Ag, Forestry, or Ag Education. The money for the scholarships comes from the money that is earned at the book exchange.

Each semester the pledges and brothers of AZ have a picnic. The pledges retaliate against the brothers in the "touch" football game.

Other activities of AZ include the spring banquet, special speakers at the meetings, and services at the request of civic groups.

MCKIMMON VILLAGE

Playground Is Completed For Children's Pleasure

THIS year the McKimmon Village Council completed a playground for its younger inhabitants and a library for Village use. The Council and the College Union jointly sponsored programs on married life and home economics.

AMERICAN SOCIETY OF AG ENGINEERS

Presents Programs By AG Engineers From Industry

THE ASAE consists of students in Agricultural Engineering who are seeking insight into the professional side of their chosen field. To accomplish this goal, ASAE presents programs by men working as agricultural engineers.

Front Row: Advisor Dr. W. Splinter, Sec. I. Williams, Pres. R. Moore, V.-Pres. W. Mabe, Reporter R. Meece, G. Brinkley; Second Row: S. Leary, S. Walker, G. Moore, B. Young, R. Lee, L. Stikeleather, E. Wiggins, C. Bowers; Third Row: A. Dagenhart, J. Boedicker, A. McDonald, T. Young, D. Aman, L. Sykes, J. Buffalo, J. Stafford.

Members Of Judging Team Attend National Contest

THE Agronomy Club began its fall activities by preparing seven educational exhibits, which illustrated modern practices in the production and management of the chief crops in North Carolina, for the North Carolina State Fair.

Members of the soil judging team, having advanced through the regional contest, participated in the national contest at Texas Tech.

Other activities of the club include the senior tea, tour of the state, and spring banquet. This banquet is the final opportunity for members of the Agronomy Club to gather to discuss and review the accomplishments and needs of the society which were encountered.

THE AGRONOMY CLUB TOUR is the annual event in which members tour the state to study soil conditions.

Front Row: Pres. T. Brown, V.-Pres. C. Bogle, J. Cox; Second Row: E. Merritt, J. Hollowell, F. Eason, J. Bryan, J. Brendle, D. Spangler, W. Cox; Third Row: F. Thompson, D. Rapier, T. Pritchett, B. Conner, B. Marlin, C. Batten, J. Fletcher.

Sponsors Picnic For New Students And Professors

THE objective of the American Electrical and Electronic Engineers is to aid in the professional development of the student in Electrical Engineering. To accomplish this objective the society presents speakers from many fields of engineering and management.

The fall picnic welcomes incoming freshmen and gives them a chance to meet upperclassmen as well as faculty members in a relaxed atmosphere. The banquet in the middle of the year offers the members a chance to hear a special speaker from industry. The spring picnic is held in honor of the graduating seniors.

The most important item of business is the preparation of a project for the Engineers' Fair.

SEVERAL EE STUDENTS work in preparing a project for the Engineers' Fair. A project is prepared annually.

Front Row: Chairman J. Brewer, V-Chairman K. Dial, Treas. S. White, AIEE Sec. G. Simon, IRE Sec. J. Deriso, Local Sec. N. Payne, Counselor E. Winkler; Second Row: C. Pugh, B. Gosney, J. Coltrane, D. Patrick, R. Whitehouse, D. Lilly, W. Roberts, C. Vinroot, T. Pegram; Third Row: J. Davis, D. Parks, E. Garner, J. Hancannon, R. Showalter, A. Blaker, B. Timmons, O. Peterson, H. Hoover; Fourth Row: R. Stamey, B. Evans, G. Hartenstein, J. Hall, J. Wright, A. Wiltshire, S. Rollins, S. Stitt, J. Roberts; Fifth Row: R. Allen, J. Thomas, N. DeVotie, R. Bowling, B. Austin, C. Christian, R. Peterson, S. Getz, C. Byrd.

Enters Homecoming Queen Contestant In Fall Gala

THE most important activity of the ASCE is its participation in the Engineers' Fair. The talents of most of the ASCE members are brought into effect in preparing for the Fair.

In the fall the Society sponsored a picnic to acquaint the freshmen with ASCE. A spring picnic was held in honor of the graduating seniors. The Society has also tried to mingle into other college activities by sponsoring a girl in the annual Blue Key Homecoming Queen Contest.

ASCE members observe a detailed map of the Raleigh area as they discuss plans for Raleigh's new by pass.

Front Row: L. Thomas, Pres. C. Jones, V-Pres. W. Stokes, Sec. J. Lynch, Treas. L. Clontz; *Second Row:* H. Shore, T. Idol, B. Parker, J. Pope, L. Williams, F. Crenshaw; *Third Row:* J. Caddell, H. Burns, T. Westbrook, J. Steele, D. Johnston, L. Ferguson, E. Benbow; *Fourth Row:* J. Callicutt, L. Steen, L. Biggers, J. Perkins, B. Bowers, J. Andrew, C. Sigmon; *Fifth Row:* R. Melton, J. Fitzoula.

AMERICAN CERAMIC SOCIETY

Assists During Freshman Orientation With Picnic

DURING the monthly meetings of the American Ceramic Society, programs are presented to familiarize members with various branches of the ceramic industry. The programs consist of group discussions, films, and speakers.

The joint dinner of mineral industries departments gives students in ceramic, metallurgical, and geological engineering an opportunity to meet leaders in their particular field.

Each year the Society sponsors a picnic to help freshmen become acquainted with the upperclassmen, faculty, and other individuals associated with ceramic engineering and research. The freshmen also hear a leader from the ceramic industry speak on the challenges and opportunities that await them.

Front Row: Advisor Dr. W. Hackler, Pres. J. Brown, V.-Pres. B. Gay; Second Row: P. Brown, J. Foushee, B. Dixon, D. Choi; Third Row: J. Lackey, B. Phillips, G. Lester, R. Davis, J. Smithwick.

AMERICAN INSTITUTE OF MINING ENGINEERS

Promotes Interest In Geological Engineering

THE American Institute of Mining Engineers promotes an increasing knowledge of geological engineering by presenting programs by both students

and faculty. This year the Institute was proud to present several outstanding speakers from outside North Carolina State College.

Front Row: Dr. Brown, Pres. D. Agostini, T. Durham, M. Leatherwood, B. Melton, Dr. Leith; Second Row: J. Smith, R. Wilson, A. Haig, R. Cornelius, Dr. Parker, R. Miller.

High Scholastic Average Standard For Admittance

CHI Epsilon is a national Civil Engineering honorary fraternity based on the broad objective of increasing the efficiency of the profession as an instrument of social betterment.

Chi Epsilon has, from a small beginning, grown to a place of prominence in the professional and honorary fraternity world. It has chapters in the majority of the best engineering schools in the country. The fraternity strives to maintain a constant policy of establishing chapters at schools on the basis of the quality of the school's instruction and not necessarily on the basis of size.

Throughout the year, the chapter at State presents various speakers to its members. These speakers are usually prominent men from the civil engineering industry who discuss both the problems and the recent innovations in the civil engineering field.

PRESIDENT BILL COX checks the CE bulletin board for campus programs which would be of value to his group.

First Row: Advisor M. Uyanik, Pres. W. Cox, V.-Pres. J. Steele, Asst. Editor J. Andrew; Second Row: Treas. D. Taylor, G. Smith, D. Hinson, G. Futrell, J. Lynch, C. Sigmon; Third Row: W. Linville, J. Arey, L. Biggers, H. Shore, D. Craddock, C. Jones.

Presents Outstanding Student Award At Dance

Front Row: W. Land, W. Deal, A. Mattox, J. Carlidge; *Second Row:* K. Adams, C. Vicherman, L. Lamberson, R. Jaycox, D. Wechsler; *Third Row:* R. Levy, B. Raynor, F. Cook, M. Barnhill, P. Humphreys, A. Harvey; *Fourth Row:* D. Sanford, N. Little, R. Shuping, W. Crow, M. Rogers, J. Combs; *Fifth Row:* J. Dills, S. Hill, K. Ball, R. Goldstein, C. Reams.

THE American Institute of Industrial Engineers aims its activities at building professionalism in the student industrial engineer. To accomplish this purpose the year's activity of programs is centered around speakers who are specialists in various fields that lend themselves to the methodology of the industrial engineer. This year AIIE was proud to present many such outstanding speakers.

Participation in the Engineers' Fair is another activity of the AIIE. The entire membership of the club works together to prepare a project for the Fair.

In conjunction with the Engineers' Council, AIIE helps furnish books for the student lounge, participates in freshman orientation, and participates in the two yearly functions—"The Engineers' Ball" and "The St. Patrick's Dance."

Membership in AIIE is open to all Industrial Engineering students and may be obtained by application at any official meeting.

PRESIDENT LAND and two AIIE members discuss the model factory which the group studies in preparing exhibits.

Front Row: Treas. F. Mayton, Pres. V. Revels, V.-Pres. G. Elrod;
Second Row: Advisor Dean Kirkland, Reporter G. Brewer.

Speakers Present Recent Innovations In Teaching

THE NEA chapter at State is part of the national organization which includes professional teachers, superintendents, and prospective teachers. The purpose of the group is to promote a general understanding of education at both the higher and secondary levels.

To accomplish its aim, the student chapter at State presents appropriate programs at its meetings. The programs are usually speakers from the teaching profession. These speakers discuss such problems as curriculum changes, consolidation, and new methods of teaching. One of the outstanding speakers this year was Dr. Beal of the Botany Department, who spoke on the advantages of obtaining a master's degree.

During the year, the chapter also holds a joint meeting with the Meredith chapter, holds a spring picnic, and conducts a membership drive.

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

Promotes Achievement By Preparation Of Projects

MEMBERS. Front Row: Pres. A. Foland, V.-Pres. B. Curtis, Corr. Sec. D. Freas, Treas. J. Yonce, Rec. Sec. C. Bullock, W. McGee, J. Voss; Second Row: R. Pennsyle, J. Stanley, J. Turpin, E. Lewis, R. Judkins, P. Blount, G. Dana, V. Best; Sixth Row: T. Ferguson, F. Lustig, G. Robertson, L. McBride, B. Mallory, J. Earnhardt, G. Gillespie, C. Funk, B. Williams, R. Hudson.

KERAMOS

Selects Outstanding Man In The Ceramic Industry

KERAMOS, the national professional ceramic engineering fraternity, is the oldest professional engineering fraternity in the world. The object of the chapter at State is to promote and emphasize mental achievement and to promote interest in ceramic art, technology, and engineering. To achieve its goal, the group provides a wide variety of programs at its meetings. The programs include panel discussions, speakers from industry, reports by members, and speakers from the faculty.

Each year the student chapter at State recognizes a man who has made an outstanding contribution to the ceramic industry by making him an honorary member. The selection is widely publicized, especially in the trade journals, and is considered a high honor.

This year the chapter at State is sponsoring an Explorer Scout troop. Keramos provides the leaders of the troops, arranges meetings, helps to finance a trip to one of the Scout camps in the area, and sponsors a Scout to Philmont National Scout Camp.

Front Row: Pres. D. Choi, V.-Pres. G. Scott, Treas. B. Gay, Advisor W. Kariegel; Second Row: G. Harrell, W. Lackey, W. Hackler, R. Redwine, J. Smithwick.

AMERICAN SOCIETY FOR METALS

Prepares Report On Iron And Aluminum Advantages

THE North Carolina State College Chapter of the American Society for Metals functions as an organization dedicated to the promotion of fellowship among metallurgical students and helps them develop and broaden their interests in the field of metallurgy.

The Society starts the year by sponsoring a party. Potential members are offered a chance to meet the members and learn about the group.

During the semi-monthly meetings, lectures are given on metals and the metallurgical industry. These lectures are presented by faculty members, industrial men, and members of the Society.

The most important activity of the group is the preparation of a project for the Engineers' Fair. This year the project is a comparison of iron and aluminum. The project also illustrates that these metals can be used in many different ways because of recent metallurgical innovations.

The Society closes the year with its annual spring barbecue, at which graduating seniors are honored.

Front Row: Pres. G. Sloan, G. Ashley, G. Disk; Second Row: R. Richards, C. Rudd, B. Burgess, T. Sills, H. Wong; Third Row: E. Gregory, G. Hudson, L. Shives, H. Collins, R. Haase.

WINDTUNNEL APPARATUS of the AIAA is examined by two AIAA members in preparing for an Engineers' Fair entry.

AMERICAN INSTITUTE OF ASTRONAUTICS
AND AERONAUTICS

Members Prepare Reports For Regional Conference

THE student branch of AIAA, formerly the Institute of Aero-Space Sciences, arranges to have technical speakers at its semi-monthly meetings. These speakers keep the members posted on recent innovations in the industry.

Several members are preparing technical papers for the regional conference in Atlanta.

Each year the AIAA members take several field trips. This year the group toured the facilities of the National Aeronautical Space Administration. On this tour several NASA scientists presented programs explaining their work in aeronautics.

Front Row: Pres. D. Maiden, R. Yokely, Treas. V. Britt, C. Gentry, R. Fishbein; Second Row: J. Ellis, W. Batts, C. Curtis, S. Rice, C. Parrish; Third Row: J. Rudisill, T. Thayer, J. Gregson, W. Lingle.

A World's First Is High Point Of Goldsboro Trip

ASME opened the year by holding a membership drive in the CU. Dr. Robert W. Truitt spoke on ASME and the advantages gained through membership.

Throughout the year, ASME presented many outstanding speakers. Among these speakers was Roy C. Robertson of Oak Ridge.

The Society took several field trips. The highlight trip was the tour of the new Goldsboro Steam Electric Generating Station. At this plant, the members saw the newly installed 200KW unit, the world's first computer-controlled coal-fired boiler.

ASME provides magazines for the Mechanical Engineers' Lounge, where the organization displays its shingle.

Front Row: Sec.-Treas. F. Scott, Pres. A. Collins; Second Row: L. Morrow, J. Smith, R. Stephens, P. Morrison, L. Allen, G. Foster, E. Taylor, F. Klatt, J. Daniels, R. Dixon; Third Row: G. Noell, D. Putnam, J. Salvaggio, L. Lee, G. Ward, S. Bright, D. Millinor, M. Davis, J. Lytle; Fourth Row: T. Carr, H. Elrod, H. Fishel, F. Denkins, J. David, W. Alexander, R. Yow, E. Evans.

Erects Nuclear Exhibits For The Engineers' Fair

PRESIDENT AL STAMM and AIP members show their plasma jet, the first prize winner in the Engineers' Fair.

At the beginning of the school year, the American Institute of Physics sponsored a picnic to introduce the physics freshmen to their faculty. In subsequent meetings the various programs have featured speakers who discuss topics including ionized hypersonic streams, hollow cathode discharge, satellite instrumentation, chemical physics, U. S.-Japan scientific cooperation, solid state radiation detectors, and radiation protection at North Carolina State College. Some of these meetings have been joint efforts of the AIP, SPS, and ANS. Two of the more outstanding speakers have been Dr. Harry C. Kelly, Dean of the Faculty, and James L. Blankenship from Oak Ridge.

Front Row: Sec. R. Freeman, Admin. V.-Pres. P. Helminger, Pres. A. Stamm, Treas. H. Bentley, Exec. V.-Pres. W. Smyth; Second Row: R. Mata, J. Pratt, G. Duncan, J. Newlin, L. Nguyen, R. Morgan; Third Row: C. Crawford, J. Brauer, J. Stevens, D. Witter, C. Stallings; Fourth Row: D. Goddard, T. Horton, K. Page, R. Faulkner, G. Cooper.

KAPPA TAU BETA

Visits Knitting Company In Western Part Of N. C.

KAPPA Tau Beta is a professional knitting fraternity organized at the N. C. State School of Textiles in 1952 by a group of senior knitting students and faculty. The goal of the fraternity is to promote interest in the knitting industry.

To achieve its goal, KTB presents various speakers from the textile industry. The speakers provide the membership with practical information and recent innovations in the field of knitting.

Each year the fraternity presents its "Man-of-the-Year" award to a man who has made an outstanding contribution to the knitting industry.

This year the fraternity is sponsoring a trip to a leading knitting company in North Carolina. The trip will include a tour of the mill, presentation of a speaker, and an evening banquet.

AMERICAN ASSOCIATION OF TEXTILE CHEMISTS AND COLORISTS

Holds Seminars On Synthetic Fiber Processes

THE student chapter of AATCC at State is affiliated with the national American Association of Textile Chemists and Colorists. The activities of the organization are aimed at increasing the knowledge of the application of dyes and chemicals in the textile industry, encouraging practical research, and establishing channels by which the interchange of professional knowledge may increase.

To achieve their aims, AATCC sponsors seminars at regular intervals. These seminars are technical in nature and are led by outstanding men in the industry who speak on such topics as synthetic fiber production, properties of new fibers and processes, dyeing and finishing of textile goods, and textile chemical specialties.

The organization also is working to facilitate the move of its national headquarters in Lowell, Mass., to the Research Triangle near Raleigh.

AATCC has two social functions a year. In the fall a smoker is held to give prospective members a chance to learn about the organization. A picnic is held in the spring to honor the graduating seniors. The faculty members who have acted in an advisory capacity for this textile association are also recognized at this function.

Front Row: V.-Pres. R. Reynolds; B. Harris, D. Cole, A. Audet.
Second Row: E. Roberts, R. Tremain, C. Eichenwald, A. Moffitt.
Third Row: B. Lynn, D. Shaver, C. Collingwood, L. Lawton.

Phi Psi members discuss the program for the National Phi Psi Convention to be held in Raleigh this spring.

PHI PSI

Hosts National Conclave For Textile Dignitaries

ETA Chapter of Phi Psi has been honored this year to be host to the Phi Psi National Convention. Delegates from all 10 student chapters and 13 alumni chapters will attend the convention.

This year Phi Psi is presenting special speakers to its members from fields indirectly related to textiles. One of the distinguished speakers this year is Mr. Frank Crane, Commissioner of Labor for North Carolina.

Phi Psi sponsors a banquet in the spring at which a cup is awarded to the Man-of-the-Year in the North Carolina Textile Industry. The main criteria for the award are exceptional leadership and concern for employees.

Other activities of the fraternity are the annual fashion show, a Christmas party for underprivileged children, a tour of the Textile School for high school seniors, and active membership and participation in the Tompkins Textile Council.

Front Row: Advisor J. Pardue, Pres. L. Matheson, Treas. W. Hester, V.-Pres. C. Kale, Sec. C. Fox, Editor M. Goldfarb, Corresponding Sec. R. Haryel, Senior Warden S. Duerk, Junior Warden, J. Poteat; Second Row: P. Kruckshank, C. Denson, H. Mims, E. Tevman, C. Moretz, J. McCall, R. Long, B. Hill, S. Trott, J. Stoker, B. Berry; Third Row: J. McDuley, T. Mills, J. Deal, K. Weaver, M. DELTA KAPPA PHI

Donates Award To Senior Deemed Most Outstanding

DELTA Kappa Phi is the oldest professional textile fraternity in the United States. Kappa Chapter at N. C. State College is the largest chapter in the fraternity.

This year, as in the past, the outstanding senior award is being presented by the De Kaps. The outstanding senior is chosen by his classmates. De Kaps conduct the election and present the plaque.

Speakers from the textile industry present many interesting talks at De Kap meetings. This year is the first that speakers have been presented at the meetings.

De Kaps are again holding their annual banquet. The banquet is the last major activity for seniors.

Other activities of the fraternity include sending representatives to the national convention, held this year at Washington, D. C., rush, and guiding guests through the Textile School.

ERNIE YORK explains the functions of a spinning frame while indoctrinating a group of high school students.

The AG Econ CLUB provides means whereby its members become familiar with new developments in their field.

The AGRICULTURAL ECONOMICS CLUB stimulates interest in the profession of Agricultural Economics. The club also acts as a means of contact between students and American Farm Economics Association members. During the year, the club's major activity is the presentation of guest speakers at the regularly scheduled meetings.

The AGRICULTURAL EDUCATION CLUB acts as an integral part of the training and development of future vocational agricultural teachers. The club's major activities include monthly meetings, various socials, the construction of an educational booth at the North Carolina State Fair, and an annual hog-calling contest.

The AG Ed CLUB strives to develop high qualities of character, leadership, and personality in its members at a picnic.

Cold weather doesn't distract from the enjoyment that the AG Ed CLUB members display at their wiener roast.

For the past three years, the AETC's booth on tobacco harvesting has won second place at the N. C. State Fair.

The AGRICULTURAL ENGINEERING TECHNOLOGY CLUB promotes leadership and interest in agricultural engineering. The club's activities include construction of a booth at the State Fair, the student-faculty social, and the Awards Banquet.

The AGRICULTURAL INSTITUTE CLUB'S objectives are: to promote leadership in agriculture; to provide recreation and education; and to promote school spirit. During the year, the club prepared a float for the Homecoming Parade, held a Father-Son Banquet, and held a booth at the State Fair.

Charles Lattimore, a member of the AETC, demonstrates the intricacies of controlling a new wheat combine.

Among other activities, the Ag INSTITUTE CLUB furnished student guides for the annual agricultural open house.

Students in the Wildlife and the Zoology curricula compose the membership of the LEOPOLD WILDLIFE CLUB.

The LEOPOLD WILDLIFE CLUB's main objective is to provide information concerning species of wildlife and opportunities and techniques in the field of wildlife to students interested in the fields of wildlife conservation and development. The club's major activities include related field trips and various social functions.

The ANIMAL SCIENCE CLUB has many activities which include: supplying members for the Dairy Judging Team; constructing a booth at the State Fair; sponsoring a 3-day tour of North Carolina's leading livestock farms and related industries; and holding the annual Animal Science Day for competition between club members.

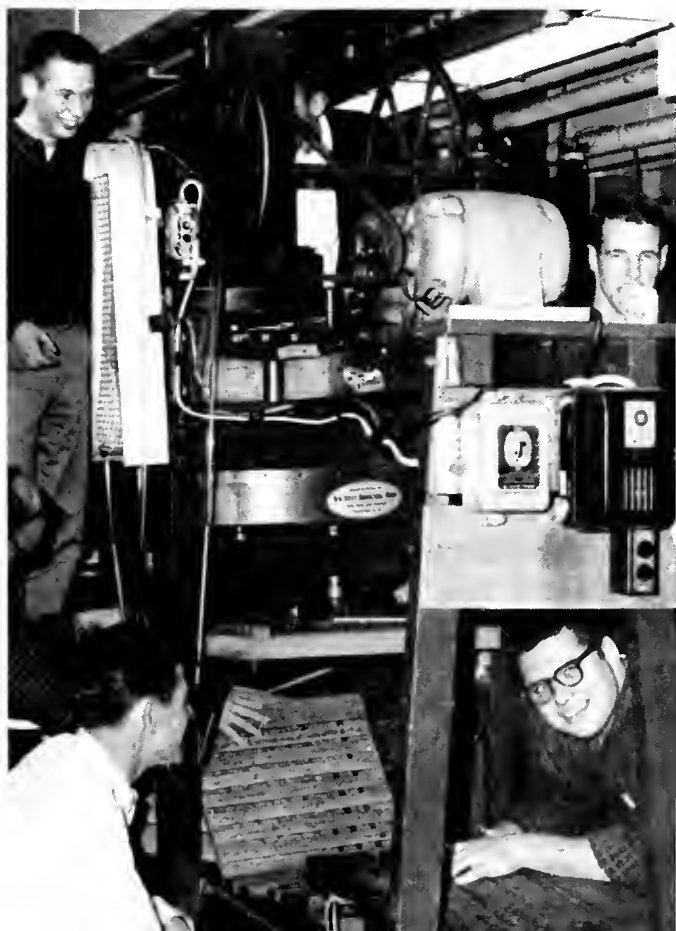

Members of the ANIMAL SCIENCE CLUB participate in a "barbecue chop" in preparation for a livestock conference.

The PRE-VETERINARY CLUB stimulates interest in the veterinary profession, produces leadership qualities in its members, provides social activities, and serves as a functional unit to inform pre-veterinary students about the many fields of veterinary medicine. The club sponsors many activities during the year which include: displaying an educational booth at the North Carolina State Fair; having social functions such as a spring dance and an annual picnic; and presenting awards such as medical dictionaries and other reference books to pre-veterinary students who have attained high scholastic averages.

The HORTICULTURAL CLUB stimulates interest in the field of horticulture, and promotes recreational and educational activities. The club's activities include: sending flower judging team members to the National Flower Judging Contest; sending several representatives to participate in the American Society for Horticultural Science Convention; holding a spring banquet; and making and selling apple cider. The cider making process is a very important Horticultural Club project in that the revenue received from the sale of the cider enables the club to perform its other activities.

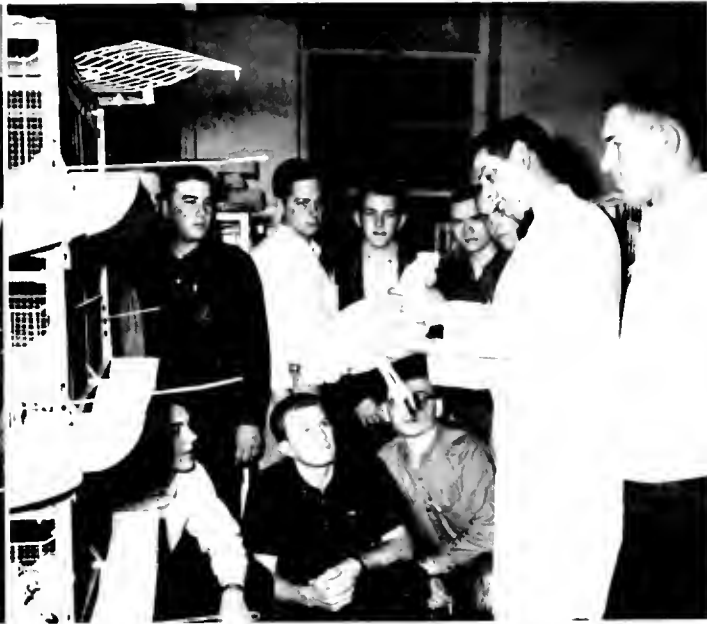

Members of the HORTICULTURAL CLUB prepare the apple crusher which will be used for producing apple cider.

A member of the PRE-VET CLUB dissects a cat, as the advisor and other club members observe the operation.

Making cider is an all night job, but HORTICULTURAL CLUB members manage to find the time to take a break.

With well-qualified professional guidance the POULTRY SCIENCE CLUB promotes advancement in the poultry science field.

The POULTRY SCIENCE CLUB participates in many activities during the year which include: holding several chicken barbecues; taking weekend field trips to leading poultry establishments; and sending a poultry judging team to the national poultry judging contest in Chicago.

The MATH AND SCIENCE EDUCATION CLUB provides an opportunity for students to meet and talk to leaders in the field of education in North Carolina. The club also makes student memberships available in such organizations as the National Education Association on the State College campus.

Members of the MATHEMATICS AND SCIENCE EDUCATION CLUB take a break at the coffee urn after a long meeting.

A representative of the National Science Teachers Association presents a lecture to the MATH AND SCIENCE ED. CLUB.

The 4-H CLUB's "checking service" will check anything from hats to family pets at the N. C. State Fairgrounds.

Two 4-H CLUB members proceed cautiously, but Bossie the cow is too busy eating to pay attention to these intruders.

The COLLEGIATE 4-H CLUB was organized at North Carolina State College in April, 1940. The purposes of the club are to foster fellowship among 4-H members, to promote leadership and citizenship, to acquaint the club members with agricultural extension work at State College, and to promote religious development through weekly devotionals. The Collegiate 4-H Club participates in activities such as operating a "checking service" at the Fair.

The RURAL SOCIOLOGY CLUB was organized at North Carolina State College in 1960. The purposes of the club are to give its members an insight into the field of sociology, to promote interest in social research, to develop leadership, and to promote fellowship and interest in sociology. The Rural Sociology Club's activities include seminars presented on the concepts of social trends, welfare work for those in need, and several social functions.

RURAL SOCIOLOGY CLUB Officers: Pres. E. Garrison, V.-Pres. D. Perkins: Members: R. Smith, H. Chiang, F. Barkley.

The INDUSTRIAL ARTS CLUB promotes the LATO curriculum to industry and State College. The club also strives to provide good communications between industry, faculty, and the industrial arts students. The club's activities include: holding a book exchange for students in the curriculum; sponsoring several educational field trips to such outstanding industries as Dow Corning Glass Works; and establishing a formal line of communication with the faculty.

The FURNITURE CLUB is composed of students in the Furniture Curriculum. The purpose of the club is to foster close relations between the furniture industry, faculty, and members of the club. Activities include: presenting a furniture display at the Engineers' Fair; holding a social during Homecoming Weekend in honor of the alumni in the furniture industry; and sponsoring seminars at the meetings given by leaders in the furniture industry.

The INDUSTRIAL ARTS CLUB makes fraternity paddles from which revenues are used to sustain the club's various projects.

Ralph Bowman explains the construction of a furniture model to some other members of the FURNITURE CLUB.

Members of the INDUSTRIAL ARTS CLUB study layouts and other information prior to beginning their projects.

FURNITURE CLUB members anxiously await the arrival of their seminar speaker from the furniture industry.

STATES MATES awarded Mrs. Faye Barker with a trophy for winning the "Mrs. N. C. State College Contest."

Members of the STATES MATES entertain their husbands at the Sweetheart's Banquet held yearly on Valentines Day.

Members of STATES MATES enjoy the memories of this year's activities as they look through their scrapbook.

Members of the BAPTIST STUDENT UNION frequently hold group discussions which often stimulate mixed emotions.

The STATES MATES is composed of the wives of State College students. At the beginning of the school year, the STATES MATES hold a "get acquainted tea" so that the members could make new friends. Other activities include: the sewing and cooking contest; the Mrs. North Carolina State College Contest; the Sweetheart Banquet; an old-time square dance for which everyone dresses as a "Hill-William"; the Variety Talent Show; and the graduating wives ceremony.

The BAPTIST STUDENT UNION, in an effort to approach the student on a spiritual, intellectual, and social basis, endeavors to provide a climate whereby the student can deepen his understanding and commitment in the Christian faith, and acknowledge concern and sensitivity to the needs of the world. This ministry is implemented by a program of worship, Bible study, and social activity throughout the local churches and the State College Baptist Student Union Center.

The papermaking machine is often the scene of FOURDRINIER SOCIETY members who are working on paper projects.

Members of the WESLEY FOUNDATION share rewarding experiences on camping trips and helping those in need.

The FOURDRINIER SOCIETY was organized to promote educational and social activities within the Pulp and Paper Technology curriculum. The society strives to cooperate with alumni in promoting programs that would be of interest.

The WESLEY FOUNDATION is composed of nearly two hundred Methodist students from State College, Meredith College, and Peace College. Located at Fairmont Methodist Church, Wesley is the center of both religious and recreational activities. Other activities include service projects, beach trips, and camping trips.

Sunday morning worship services are attended regularly by Methodist college students in the Raleigh community.

During a logging operation at Schenck Memorial Forest, members of the FORESTRY CLUB find the time to relax.

Two attractive young ladies add much to the appearance of the FORESTRY CLUB's booth at the State Fairgrounds Arena.

The FORESTRY CLUB strives to promote better relations between students and faculty members through educational and recreational programs. The major activity of the club is the presentation of the "Rolleo," an annual field day in which each class competes in events such as log bucking, horseshoe pitching, and other logging events.

The APPLIED MATHEMATICS CLUB is composed of students interested in both applied and pure mathematics. The purpose of the club is to stimulate interest in mathematics through programs which are presented by the members and guest lecturers.

FORESTRY CLUB members prepare a planning board as they survey the area around the Schenck Memorial Forest.

The APPLIED MATHEMATICS CLUB offers the opportunity for advancement in mathematics at the undergraduate level.

Funds collected from dues payments sustain the YOUNG DEMOCRATS CLUB in its drive to acquaint the voters with Democratic platforms and candidates.

The YOUNG REPUBLICAN CLUB publishes "The Southerner," a monthly newsletter.

The YOUNG DEMOCRATS CLUB stimulates in students an active interest in governmental affairs, fosters and perpetuates the ideals and principles of the Democratic Party, and recruits new members and candidates for the Democratic Party.

The YOUNG REPUBLICAN CLUB aids in the election of Republican candidates and strives to keep State College students informed on issues of the day with emphasis on the Party's position.

The STUDENT TOASTMASTERS CLUB meets weekly for a dinner meeting and a program which is given in the interest of developing better speaking abilities for the members. The program is designed to provide experience in delivering prepared speeches and extemporaneous talks, evaluating speeches, and introducing speakers. Last year, the Student Toastmasters Club was the proud recipient of the College Union's "Club of the Year" award.

Officers of the YOUNG REPUBLICAN CLUB enjoy such slogans as "Kennedy for King, Goldwater for President."

The TOASTMASTERS CLUB appears to be enjoying another fine year under the leadership of President Snider.

The VETERANS ASSOCIATION fosters scholarly and intelligent consideration of national problems at their monthly gatherings.

Members of the AMATEUR RADIO CLUB make adjustments on their equipment prior to calling another ham station.

The VETERANS ASSOCIATION strives to perpetuate in peace those ideals fought for in war. The association's activities include various social functions and work projects at a children's orphanage.

The AMATEUR RADIO CLUB enables licensed "hams" to continue their hobby while being students at State College. The club's activities include participation in the Engineers' Fair and communication exercises with various radio equipment.

The AMATEUR RADIO CLUB participates in communication operations when needed for important national emergencies.

Phi Kappa Phi, national scholastic honor society, was founded at the University of Maine in 1897. Since the establishment of the North Carolina State Chapter on December 10, 1923, there have been more than twelve hundred local students, alumni, and honorary candidates elected to the society.

Membership in Phi Kappa Phi is the highest scho-

lastic honor attainable for a student in the technical fields of study. Phi Kappa Phi is dedicated to the unity and democracy of education. The society's ultimate objectives are to emphasize scholarship and character, to foster the goals of institutions of higher learning, and to stimulate mental achievement through recognition.

Golden Chain, Senior Honor Society at North Carolina State College, seeks to promote better citizenship by fostering existing traditions and by creating an atmosphere conducive to high scholarship, clearer self expression, and a greater devotion to duty in all campus organizations.

Each spring, twelve rising seniors are tapped into the society and thus increase the endless chain by twelve links. The name Golden Chain is symbolic in that it represents an endless chain which joins together outstanding State students who have a lasting tradition in our community.

The Blue Key Honor Fraternity was founded at the University of Florida in October, 1924, to perpetuate the belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students.

The fraternity recognizes outstanding qualities in character, scholarship and service, placing equal emphasis upon leadership in student activities. Mem-

bership is composed of graduate and undergraduate students in all departments of American universities.

Each year Blue Key co-sponsors the Homecoming celebration. Annually the Fraternity presents the citizenship award to the Senior who has distinguished himself as the foremost citizen of his class. In addition, Blue Key cooperates with other campus organizations to promote a more meaningful campus life.

The Order of Thirty and Three is a local honorary organization which recognizes outstanding members of the Sophomore Class. Members are picked during the spring semester of their sophomore year and remain active for the duration of one year.

Selection for membership in Thirty and Three

is the highest honor that a sophomore can attain. Qualifications include: good character, satisfactory scholastic standing, ability for leadership, welfare of the school at heart, and other qualities deemed necessary to accomplish the greatest good, as determined by the active membership.

Theta Tau is a professional engineering fraternity whose purpose is to unite in a fraternal bond those students who have shown outstanding potentialities in the field of engineering. Through this bond the members enjoy a strong feeling of fellowship and are given the opportunity to develop leadership abilities while working with others.

Rho Chapter of Theta Tau was founded at North Carolina State College in 1927. Since then, the fraternity has shown active participation in many projects around the campus.

Rho Chapter's activities this year include: annual participation in the Founder's Day Banquet, participation in a Christmas party given for children at the North Carolina School for the Blind, operation of the information booth at the Engineer's Fair, and the annual spring picnic.

THETA TAU's information booth at the upcoming Engineer's Fair poses many problems for President Ed Hauser.

Tau Beta Pi is the oldest national honorary engineering fraternity. The Alpha Chapter of this fraternity was established at North Carolina State College in 1925. The fraternity's membership is composed of Juniors and Seniors in engineering who have exemplified outstanding scholarship and character. These members strive to provide a liberal culture in our highly technical school by sponsoring an essay contest which all new pledges are required to enter. The pledges' essays are written on non-tech-

nical subjects and are entered in a national contest with other Tau Beta Pi chapters. Prizes are awarded locally and nationally for the best essays.

The activities of Tau Beta Pi include: holding two membership elections a year; presenting the Outstanding Sophomore Award to the Sophomore with the highest scholastic average in the School of Engineering; and constructing a bulletin board in Riddick Engineering Laboratories.

ETA KAPPA NU

Eta Kappa Nu is an electrical engineering honor society. The society's annual activities include: sponsoring weekly tutoring sessions for electrical engineering sophomores; maintaining a current pictorial directory of the electrical engineering faculty and staff; sponsoring a critique of electrical engineering courses presented by Eta Kappa Nu members to faculty members in a joint meeting; providing manpower and organization for special departmental functions; and holding fall and spring banquets for members, initiates, and faculty members.

Other special activities of Eta Kappa Nu include: providing guides for a group of electrical engineering students from South America who were touring universities in the United States; and participating in a special Electrical Engineering Department function to acquaint freshmen with the Department.

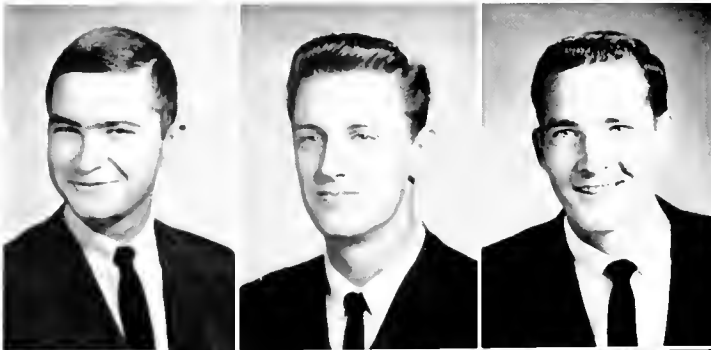

PRESIDENT TOMMY SHARPE and members discuss the critique to be held on the electrical engineering courses.

Pi TAU SIGMA members find much use for the oscilloscope.

Membership in Pi Tau Sigma is the highest honor that can be obtained by a mechanical engineering student. The requirements for membership include a high scholastic average, honesty, and soundness of principles and morals.

Pi Tau Sigma's activities for the year include: the initiation of nine new members; furnishing magazines for the mechanical engineering lounge; presenting a *Mark's Engineering Handbook* to the top mechanical engineering student in the sophomore class; mailing questionnaires to former members of the society, who are now working in industry, for the purpose of having an accurate employment file available; and assembling a mechanical engineering display for the annual Engineers Fair.

Sigma Pi Sigma is the only national physics honor society. Its chapters, of which there are 80, are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership those physics students who have attained high standards of scholarship, shown promise of professional merit, and gained academic distinction.

The objects of Sigma Pi Sigma are: to serve as a means of awarding distinction to students having high scholarship and promise of achievements in physics; to promote student interest in research and advanced study of the subject; and to encourage a professional spirit and friendship among those who have displayed marked abilities in physics.

During the past year, Sigma Pi Sigma has sponsored programs with prominent speakers from the field of physics. Among these speakers were Dr. Eddy of the Physics Department at Duke University and Dr. Blankenship of the Oak Ridge Research Laboratories. Other activities of Sigma Pi Sigma include: having a spring banquet, and participating in the Engineers Fair.

THE SIGMA PI SIGMA PROJECT for the Engineers Fair is tested by President Swain and two fellow physicists.

Xi Sigma Pi, forestry honor fraternity, was founded at the University of Washington on November 20, 1908. Mu Chapter of Xi Sigma Pi was established at North Carolina State College in 1940.

The objectives of Xi Sigma Pi are to secure and maintain a high standard of scholarship in forestry education, to work for the upbuilding of forestry, and to promote fraternal relations among earnest workers engaged in forestry activities.

Each year the fraternity honors the outstanding freshman and senior in the School of Forestry. The fraternity sponsors public lectures given by leaders in the field of forestry. During the spring of 1963, the fraternity revitalized the publication *Slabs and Edgings*, a monthly publication on the happenings in the School of Forestry. At the end of the spring semester outstanding seniors not in Xi Sigma Pi are recognized by the fraternity at the annual picnic.

ASSOCIATE MEMBERSHIP award is presented to I. E. Jackson by Brad Biggar.

Sigma Tau Sigma, a local textile honor fraternity, strives to instill in textile students a desire for higher scholastic attainments. An incentive toward this goal is the Sigma Tau Sigma Scholarship Cup which is

presented annually to the senior having the highest scholastic average. The Greek letters composing the fraternity's name represent the words, Society of Textile Scholarship.

E P S I L O N P I T A U

Epsilon Pi Tau is an international professional honorary fraternity for students in the fields of industrial arts education and industrial vocational education. The purposes of this fraternity are three-

fold: to promote social and professional proficiency; to recognize the place of skill; and to foster and reward research, at the same time publishing and utilizing the results of this research.

Kappa Phi Kappa is a national honorary and professional education fraternity. The purpose of this fraternity is to promote education as an instrument of social betterment. To achieve this goal KPK presents various programs to its members. These programs

consist of speakers from different fields of education and group discussions by various members of the fraternity.

Other activities include a spring picnic which is held in honor of the graduating seniors.

Mu Beta Psi, a national honorary musical fraternity, is composed of students who have actively participated in the band or glee club.

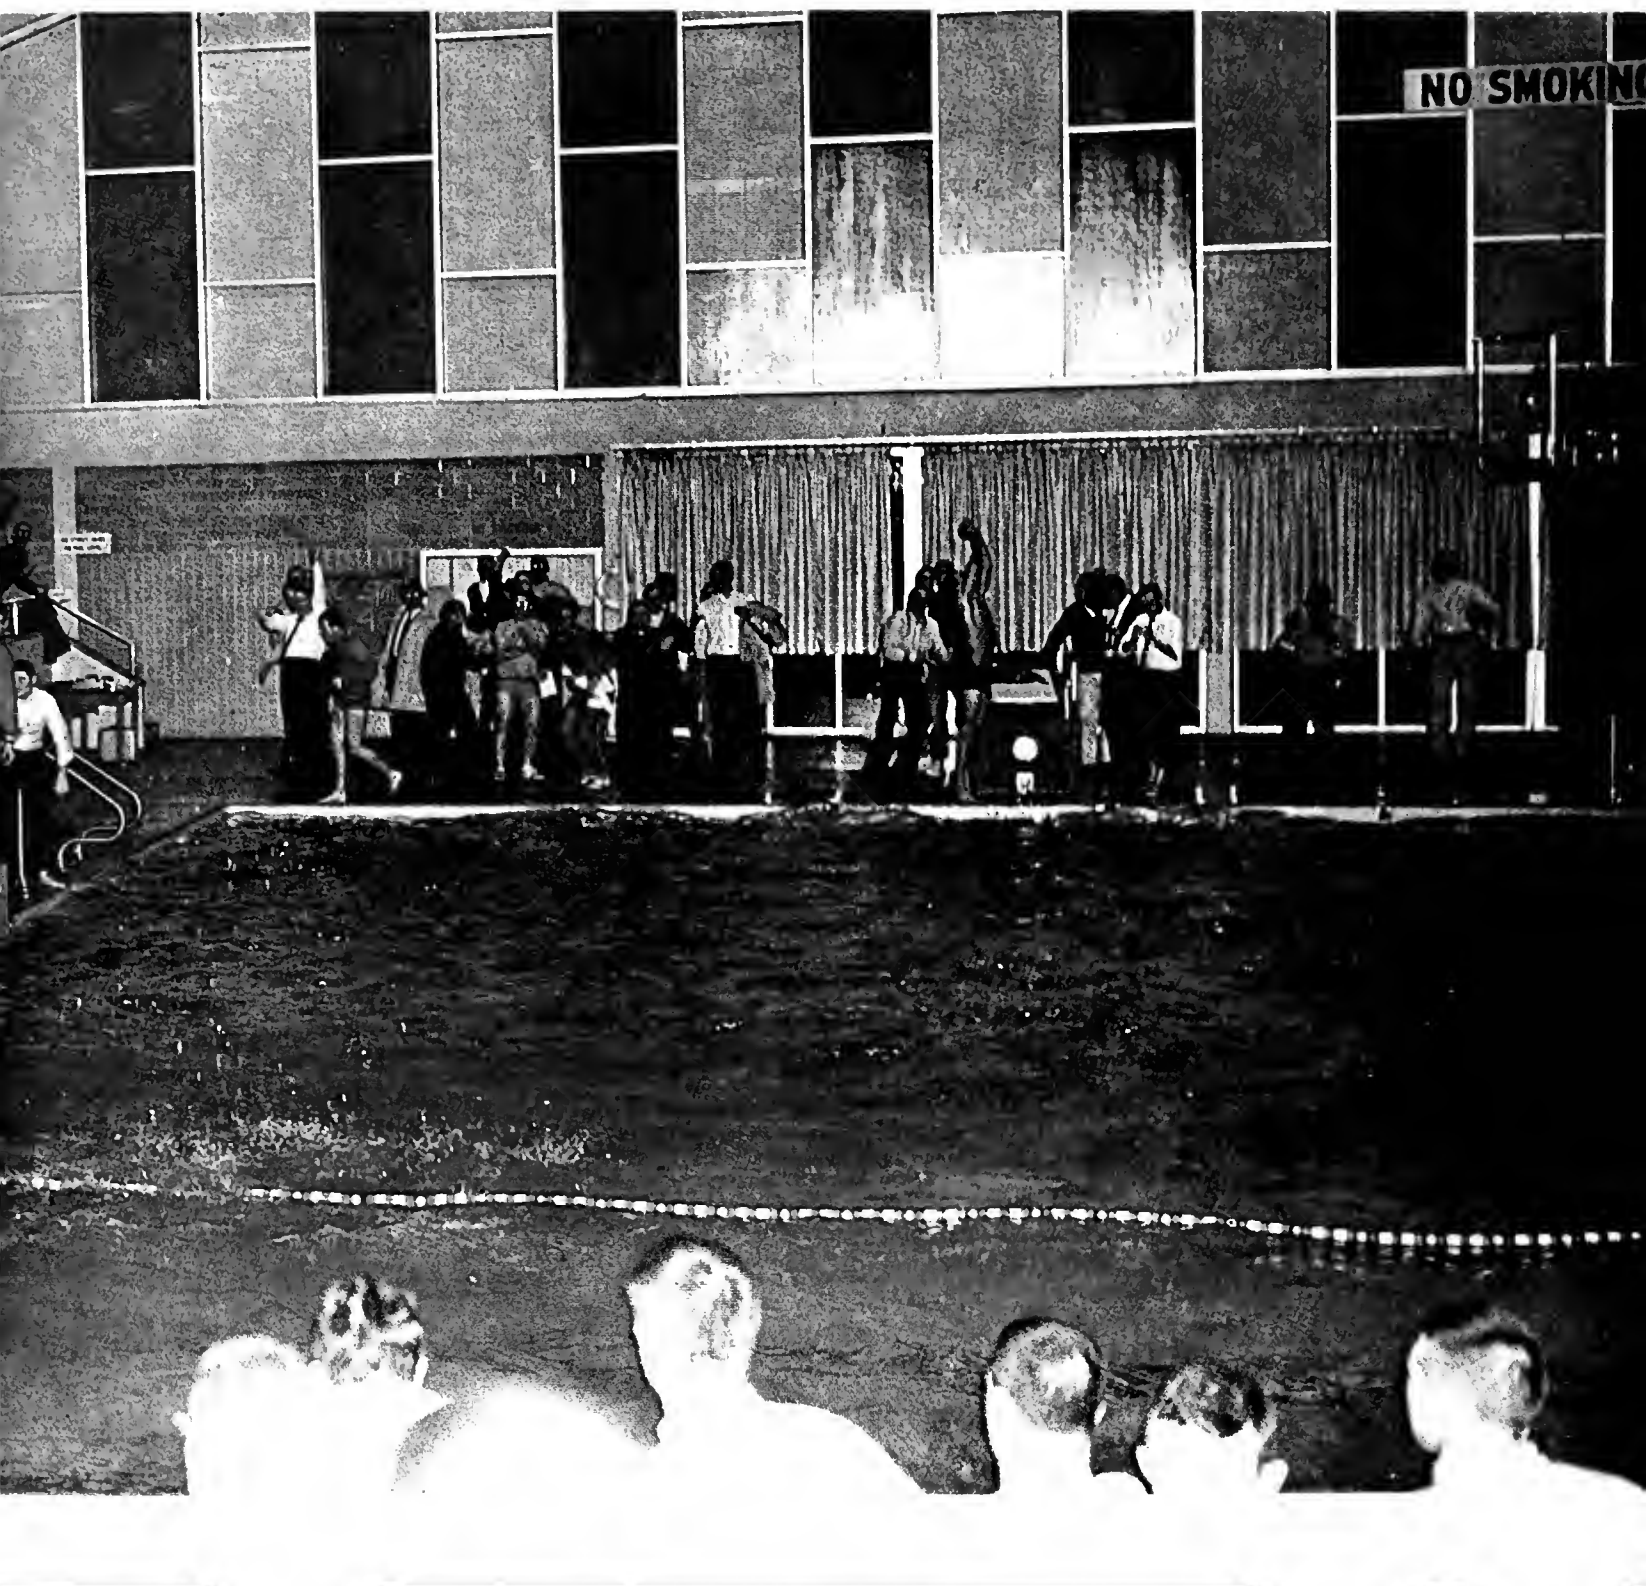

During the fall semester, Alpha Chapter participated in a convention with the chapter from Clemson College. At this convention the members discussed projects and activities to be undertaken.

Mu Beta Psi's biggest project is sponsoring the All Campus Sing. This event is broken down into the fraternity division, the dormitory division, and the open division. A trophy is awarded to the best singing group in each division.

Other activities of Mu Beta Psi include: constructing a booth at the Engineer's Fair, and publishing "The Clef," an annual Mu Beta Psi news bulletin.

MONOGRAM CLUB

Fosters Good Fellowship Sponsors Red-White Game

THE Monogram Club is composed of those men who have participated and lettered in an intercollegiate sport at State College. The purposes of the Monogram Club are to foster good fellowship among monogram winners, to promote a high standard of intercollegiate athletics and the spirit in which they are conducted, and to encourage ideals of good sportsmanship among athletes and spectators in the very best interest of North Carolina State College.

The Monogram Club performs initiation twice a year. This formal initiation occurs at a formal dinner in which awards are given to the outstanding player in each sport as voted by his teammates.

The Monogram Club sponsors the Homecoming Dance, the "Red-White" spring football game, and the alumni luncheon. The club helps sponsor and boosts the athletic program for the North Carolina School for the Blind, especially the wrestling team. Also, a picnic is given to celebrate the end of spring football practice.

Front Row: Frank Weedon, Ed Spencer, Smokey Ellis, Skip Matthews, Guy Griswold, John Golden, Dr. Morgan; Back Row: Harvey Harris, Jimmie Hamrick, Richard Edwards, Oscar Overcash, James McGraw, Harold Blanchard, Bennett Williams, Bill Hall, Steve Singer, Robert Stampley.

CHEERLEADERS

Organize Freshman Squad To Attempt Card Section

THIS has been a year to remember for the cheerleaders. They have accomplished many goals with the aid of the student body and administration.

The annual march on the capitol before the State-Carolina opening football game was a big success. The cheerleaders bought a new wolf outfit, a fog horn, and new megaphones. Trips were made to Georgia, Nebraska, South Carolina, and Duke with the football and basketball teams. An organized cheering section has helped to bring out enthusiasm at the games. During the halftime of the State-Carolina game our cheerleaders edged Carolina's cheerleaders 2-0.

The cheerleaders have organized a junior varsity cheering squad that supports the freshman games. This squad substitutes for varsity members when needed. Eventually, the members of the J.V. squad will move up to the varsity. In the spring, the cheerleaders have a banquet and invite some of the coaches and assistant coaches.

STATE'S CHEERLEADERS support the Wolfpack during the rainy homecoming game against Virginia. We won the game.

Front Row: Rick Ray, Kaaren Schmidt, Tony Padgett, Martha McLaughlin, Eddie Broadhurst; *Back Row:* Chan Prince, Chalk Tyree, George Hayes, Tom Clark, Preston Cornelius, Don Ruffy.

FOOTBALL TEAM

Lacking Experience Wins Over Carolina Anyway

COACH Earle Edwards called this 1962 team the youngest in nine years at State College. But it may be that rebuilding with young blood, a touch of eagerness, and a sprinkling of talent could be enough to improve on last season's disappointing 4-6 record.

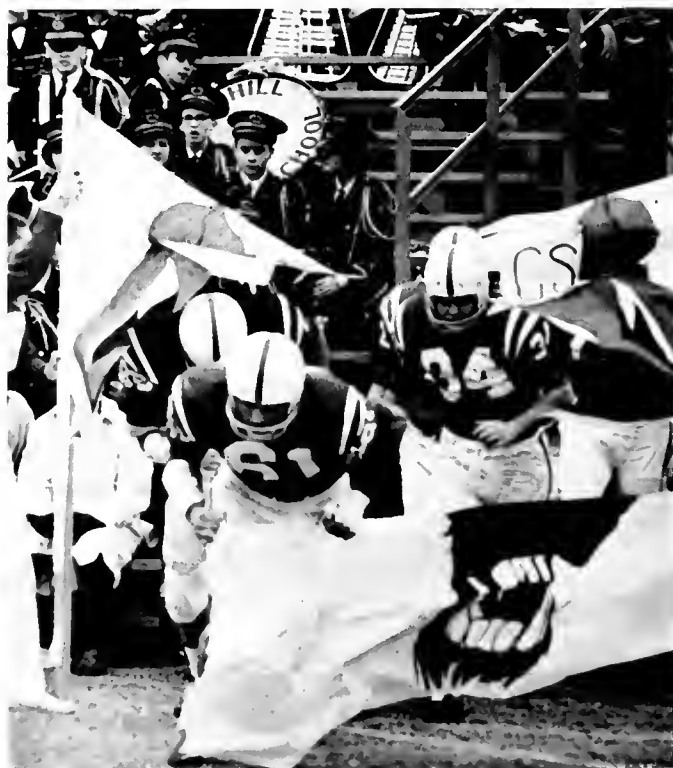

Neither Jim Rossi or Bill Kriger, the top quarterback candidates, are lettermen. However, lettermen Bill Sullivan, Harry Puckett, and Captain Skip Matthews will anchor the guard slots. Tackle will be wealthy if sophs Glenn Sasser and Steve Parker can amply back first stringers Bert Wilder and Chuck Wachtel. Fullback and center are three deep with Walt Kudryan, Oscar Overcash, and Denny Royer snapping the ball and Roger Moore, Dave Houtz, and Pete Falzarano running. Tony Koszarsky, Joe Scarpati, and Mike Clark are the halfbacks.

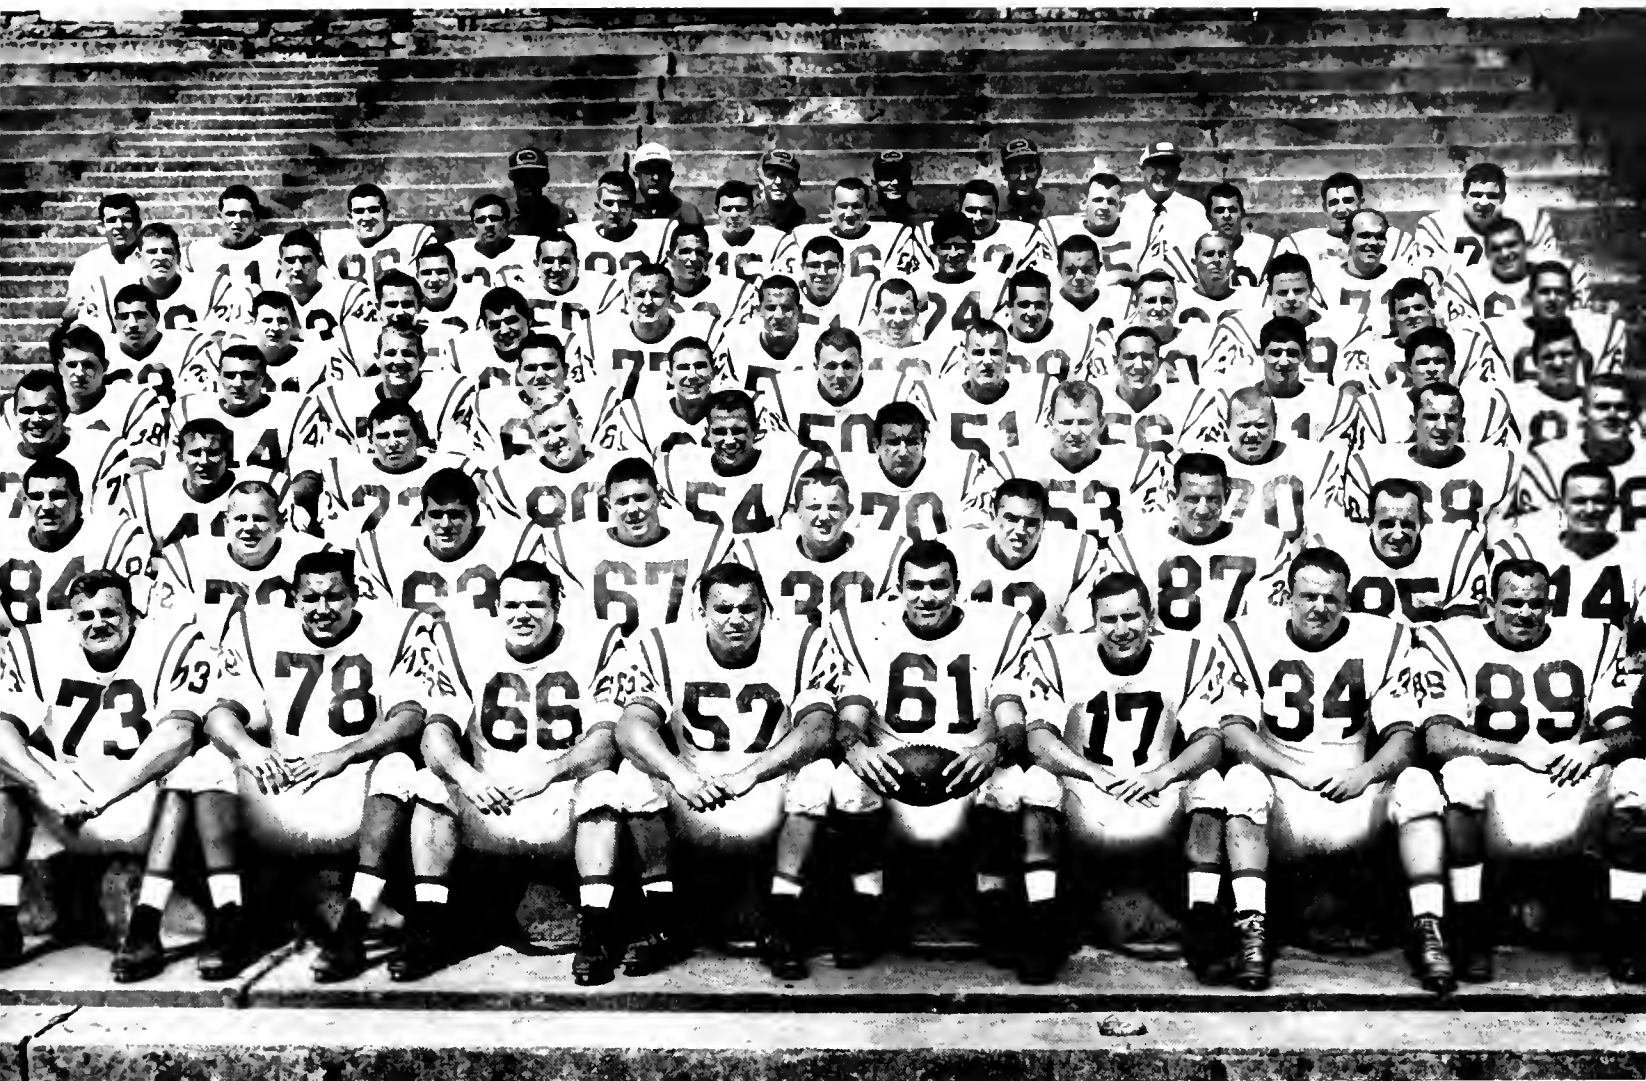

CAPTAIN SKIP MATTHEWS takes a short breather as he intently watches his teammates hold the Tarheel charge.

COACH EARLE EDWARDS gives his players the play as he directs their progress in spring training for next year.

THE WOLFPACK breaks the seal on the 1962 season, coming onto the gridiron at Kenan Stadium to play the Tarheels.

Front Row: Bert Wilder, Fred Bernhard, Harry Puckett, Walt Kudryan, Skip Matthews, Bill Kriger, Roger Moore, John Golden. *Second Row:* Don Montgomery, Pat Powell, Bill Sullivan, Silas Snow, Dave Houtz, Merrick Barnes, Bob Faircloth, Ron Krall, Jim Rossi. *Third Row:* Lloyd Cooke, Tony Koszarsky, Mike Clark, Whitey Martin, Oscar Overcash, Rosie Amato, Bob Rover, Dave Carter, Bob Bussard, John Irvin. *Fourth Row:* Dave Stout, Joe Scarpati, Chuck Wachtel, Roy Wood, Les Young, Vance Cockerham, Sam Saunders, Jerry Krecicki, Sam Sorce, Mike Malone, Will Mann. *Fifth Row:* Pete Falzarano, Stacey Gillen, Ron Skosnik, Jack Schafer, Lou Krezanosky, Lou DeAngelis, Don Smith, Golden Simpson, Jimmy Deaton, Horace Moore, Larry Brown, Bennett Williams. *Sixth Row:* Doug Brackett, Shelby Mansfield, Jerry Fuller, Jerry Topinka, Tony Golmont, John Turco, Abby Mauro, Joe McCall, Deal Watkins, Pete Starr, Don Hamilton. *Seventh Row:* Tom Clausi, *Manager,* Page Ashby, Bill Hall, Gibbons Sloan, Ray Barlow, Ronnie Clark, Charles Bradburn, Bruzz Perrou, Glenn Sasser, Biff Mullins, Dan Golden, Steve Parker. *Last Row:* Assistant coaches Al Michaels, Ernie Driscoll, Carey Brewbaker, Johnny Clements, Bill Smaltz and Head Coach Earle Edwards.

Touchdown! Fullback Pete Falzarano leads Joe Scarpati to the score in the opening win over the Carolina Tarheels.

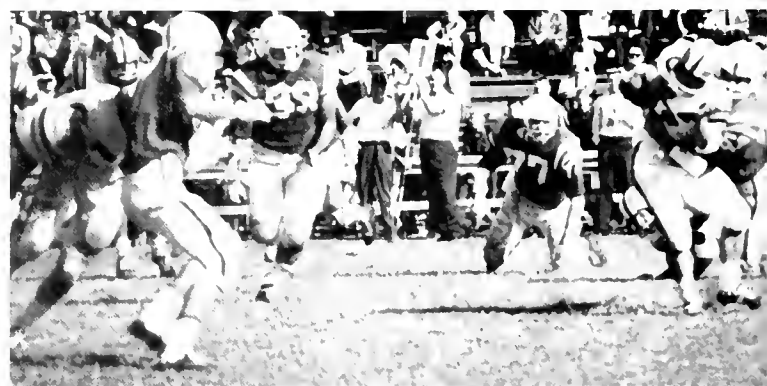

STATE'S DEFENSE, here stopping Carolina's Edge for no gain, was the prime factor in the Wolfpack's opening victory.

STATE 7—CAROLINA 6. Such was the case in a bruising, hard-fought battle witnessed by a capacity crowd of 40,000 at Kenan Stadium. State's kicking game was the big factor in the win. Roger Moore's success and the Tarheels' failure in the crucial extra point try made the difference in the score. This would have been impossible, however, had it not been for the booming punts by Fred Houtz that time and again set the Tarheels back on their haunches. Not to be overlooked was the dominant defensive play of the State line that charged through the Heels to make bone-crushing tackles. Also, the State running attack proved effective when called upon to move the ball.

STATE 0—CLEMSON 7. With a display of ball exchanges, State dropped what seemed to be a tie ball game. In the last five minutes of the game a 53 yard pass play to the State five yard line proved fatal. Three plays later Clemson scored. As time was running out, State made a valiant effort to score, but could not penetrate the Clemson 13 yard line.

RUGGED DEFENSE by the Wolfpack stopped Clemson repeatedly, but the State offense could not get up momentum.

WOLFPACK PURSUIT, with Harry Puckett leading the charge, hounds the Clemson quarterback on the option play.

KRIGER sneaks for touch-down against the Terps.

State found the going rough against the tough Maryland defense, managing to gain only 165 yards total offense, while Maryland's Shiner moved the Terps at will.

A STRONG GOAL LINE stand by the Pack held highly rated Nebraska and took over possession on the one foot line.

STATE 6—MARYLAND 14. Dick Shiner, the Terps' ace quarterback, was too much for the Wolfpack. Again the "home run" plague struck. This time it was a 78 yard punt return that caught State napping at the beginning of the contest. Frustrated, the Wolfpack found the going rough in the first half. The second half was better, but the Terps' 14 point lead was too much for the Wolfpack to overcome.

STATE 14—NEBRASKA 19. State, enjoying a 14 to 7 lead, was bushwhacked in the last six and

one-half minutes of play. Nebraska scored its second touchdown with six minutes left, though the Wolfpack retained the lead as Nebraska failed in its try for a two point conversion. Nebraska scored again three minutes later to wrap up the contest. The Wolfpack again showed their defensive strength when they held the Cornhuskers four downs on the one yard line. State scores came on Rossi's three yard run and Scarpati's 91 yard punt return.

STATE 0—SOUTHERN MISSISSIPPI 30. Having the sickness called away-from-home jitters, the Wolfpack could not muster the strength to stop Southern Mississippi. With the score 7-0, the Pack made three costly mistakes in the final period that resulted in three touchdowns for the Southerners. With eight fumbles and a frustrated defense, the Pack experienced their worst whipping of the long and frustrating season.

GOOD BLOCKING by Matthews and Koszarsky led Scarpati on a 91 yard kickoff return to give State a 12-6 lead.

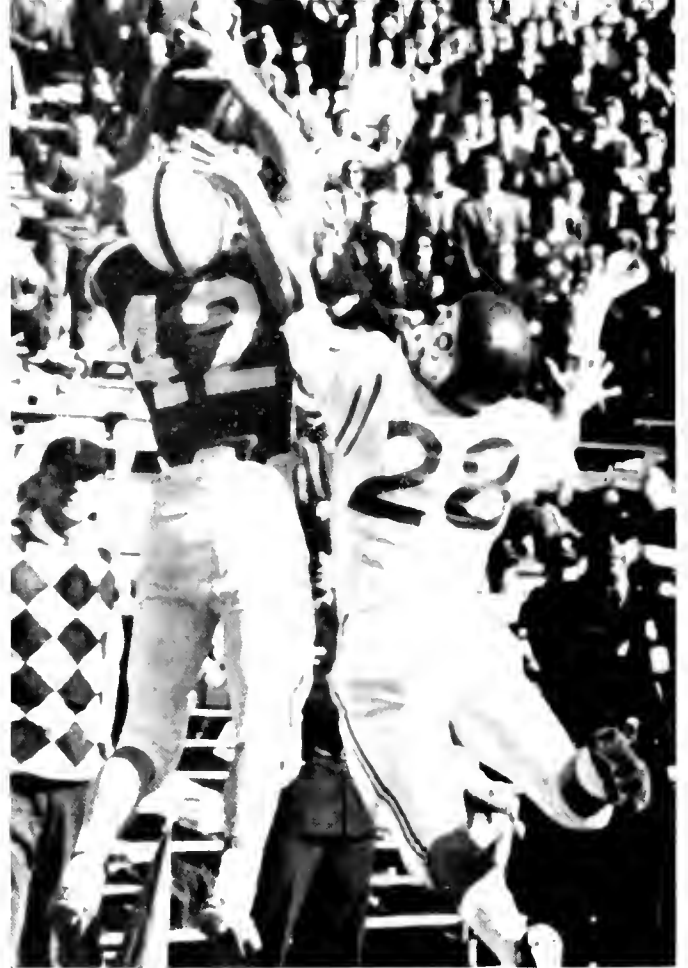

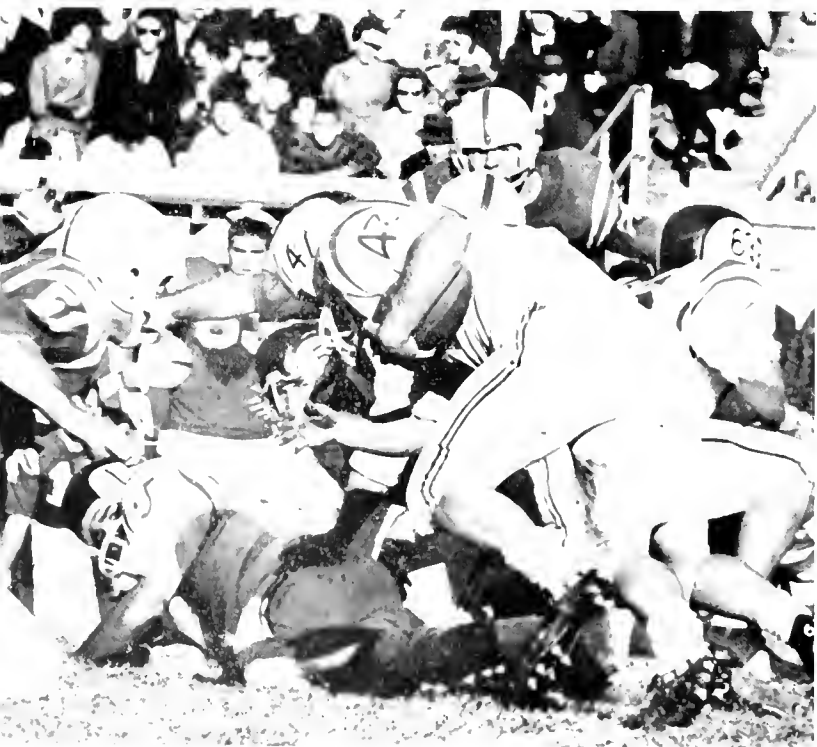

STATE'S DEFENSE held Mississippi Southern in check, but offensive errors led to three last quarter touchdowns.

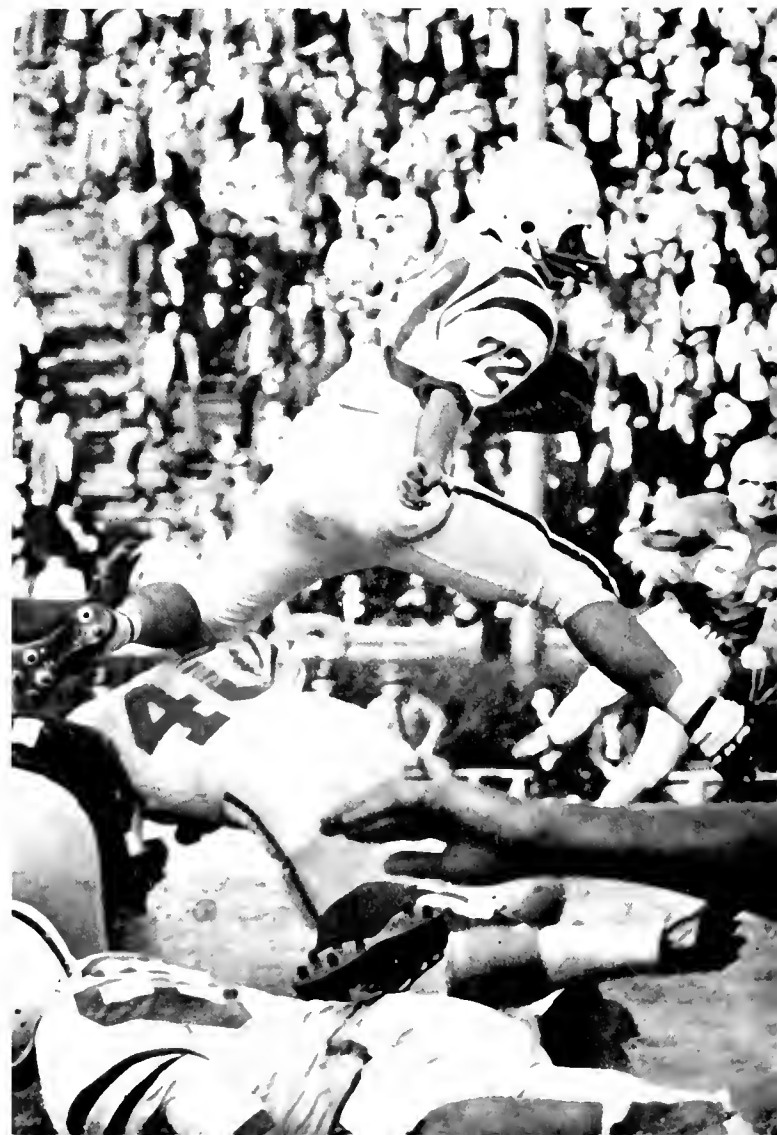

STATE 14-DUKE 21. By far, State made its best performance of the year. Though showing strength in its offense and defense, the Blue Devils were not as successful as in previous games. The Wolf-pack was the first to draw blood on the spectacular pass play of the day. On fourth down, nine yards to go, Kriger hit Guin in the end zone for the score. Later in the second quarter, Duke drove 64 yards for the equalizer. Duke's second score resulted from a quick drive at the beginning of the second half. With the score 14-7, State took the ball on the ensuing kickoff and marched 68 yards to pay dirt. The battle raged evenly until the last 80 seconds, when the Blue Devils scored and added the extra point to win the game.

DUKE'S LINE BACKS found the middle of the State line hard to crack, as the Blue Devils passed for two touchdowns.

GUIN hauls in a fourth down, nine yard pass from Kriger to capitalize on a previous Duke fumble on the 19 yard line.

MIKE CLARK finds the going easier over rather than through the Georgia line, as he breaks into the more open secondary.

IT MAY LOOK as if the cheerleaders are praying for rain but they're only beseeching the team to score again against Virginia.

STATE 10—GEORGIA 10. State dominated the first half, and Georgia the second, as the Pack managed a mild upset. Winless in five straight games, the Wolfpack scored ten first half points, only to have the Bulldogs bounce back to tie them with a second half scoring spree.

STATE 6—SOUTH CAROLINA 17. State, playing a strong defensive game, lost again in the second half. The Gamecocks' option plays more than offset State's lone touchdown which came on an 80 yard drive, ending with a six yard pass from Rossi to Scarpati in the end zone.

THIS GEORGIA MAN is using his head, but not to stop State's offense. The Wolfpack did all of their scoring in the first half.

STATE 24-VIRGINIA 12. In a soft drizzle the homecoming crowd enjoyed watching State beat its biggest enemy . . . itself! State earned its first victory since the opening victory over Carolina. Even though the win was decided, the fourth quarter jinx popped up again. All of Virginia's points came in the last quarter on penalties and a bad pass from center. State has been outscored 84-12 in the fourth quarter. Joe Searparti led the scoring with six-pointers on a three yard plunge and a fourteen yard pass from Jim Rossi. Fullback Pete Falzarano scored from the two yard line. The thriller of the day was a 70 yard pass play from Rossi to Mike Clark which led to a score. Don Montgomery, Bert Wilder, Bob Faircloth, Chuck Wachtel, Bill Sullivan, and Walt Kudryan stood out, as the Wolfpack held their own in the offensive and defensive lines.

KING ON THE MOUNTAIN is Jim Rossi, sliding got vardage in the muddy homecoming victory over Virginia's Cavaliers.

SOPHOMORE PETE FALZARANO bulls over the Virginia line for a touchdown in the Pack's homecoming 24-12 victory.

JIM ROSSI carries on a keeper against Virginia, as Tony Koszarsky moves into the flat for a possible pitchout.

KUDRYAN AND SNOW put the rush on the Demon Deacons' passer. The defense held the Deacs to three points.

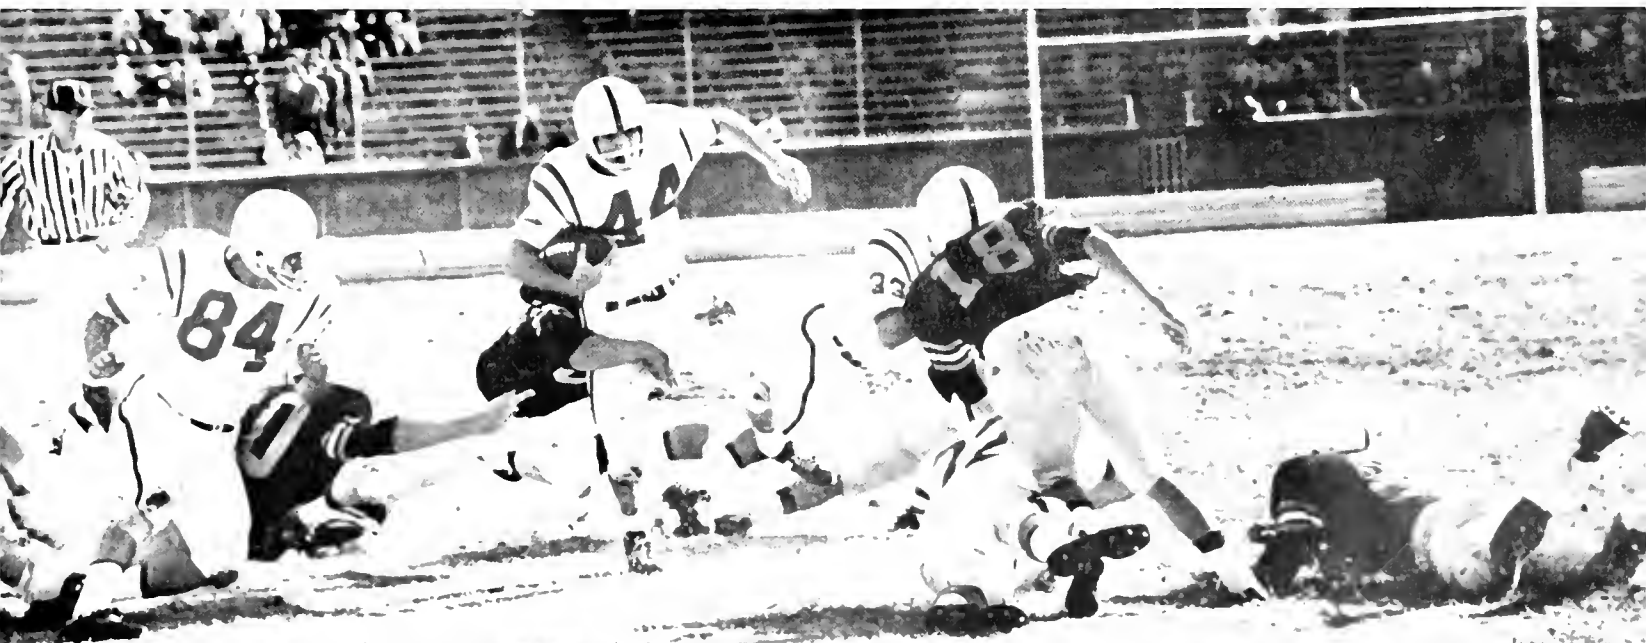

HELP is on the way, but Jimmy Guin has the situation well in hand, dumping the Wake runner for no gain.

STATE 27—WAKE FOREST 3. Using a strong running and passing attack, North Carolina State concluded its football season with a Thanksgiving Day victory over Wake Forest. The only score the Demon Deacons could muster was a 37 yard field goal in the third quarter. State put together scoring drives of 57 yards, 50 yards, and 65 yards for touchdowns. The longest play was a 50 yard touchdown pass from quarterback Bill Kriger to end Ray Barlow, who carried the ball in for the score.

THE OUTLOOK for 1963 is promising. Coach Edwards will welcome 23 lettermen to spring training, losing only Captain Skip Matthews and Harry Puckett to graduation. Help is expected from rising sophomore halfbacks Mike Malone and Shelby Mansfield and quarterback Charlie Noggle. State will have one of the stronger first teams in the nation next year. If the team can find more depth and speed and profit from the mistakes made this year, next year should be much more enjoyable to State fans.

THE WOLFPACK made a Thanksgiving feast of the Demon Deacons, making the season's finale a 27-3 victory.

COACH EVERETT CASE is rarely seen behind a desk, but after the season is over much paper work is necessary for him.

A road trip to Clemson opened the Wolfpack season, and they made it good, winning a cliff hanger 56-55 on Speaks' 20 point effort. Returning to Raleigh for the home opener, the Pack gave Wake Forest all it could handle, leading by five at the half only to fall in the last minutes. State then took the Maryland Terrapins in another close finish, this time in overtime. Speaks again led the potent State attack in a one-sided victory over George Washington 87-48. Nationally ranked Georgia Tech jolted the Pack in Atlanta despite Auksel's 27 points. John Key led the squad over Cornell in a warmup for the all-important game with Duke. Duke, however, was in no playful mood and demolished the Pack 78-52. The Pack lost again, this time to Virginia, before taking South Carolina behind the powerful scoring of Speaks and Auksel. Carolina was next on the schedule. The Pack gave it everything they had before bowing 67-65 in overtime. Auksel led the Pack scorers in the heartbreaker. Maryland came to the Coliseum only to run into a devastating Wolfpack scoring attack and lose 79-59. Speaks hit 22 points in the final win before examination break.

BASKETBALL TEAM

Plays Duke To Narrowest Conference Victory Edge

THE Wolfpack entered the 1962-63 season with an air of optimism. This was the year everyone had been waiting for when State's strong freshman team of three years ago would reach full maturity and again make State a power in the ACC. The backcourt duo combined Jon Speaks' deadeye shooting with Kenny Rohloff's playmaking to give the Pack one of the best guard combinations in the South. Pete Auksel was counted on to carry the rebounding load as well as bolster the frontline scoring attack. The loss of John Punger was countered with the addition of Larry Lakins, a highly touted sophomore who has finally gained eligibility. The center position was manned by John Key, a six-ten Durham product, and Ron Gossell. A strong bench was expected with Pom Sinnock and "Wheaties" Whitfield to spell the forwards and Les Robinson and Don Greiner to back the guards. Then too, the added coaching experience of new assistant coach Press Maravich would certainly prove valuable to head coach Everett Case.

CO-CAPTAINS Jon Speaks and Ken Rohloff take a break during a practice session before the ACC tournament.

Front Row: Manager Faulk, Speaks, Hale, Mattocks, Erb, Rohloff; Second Row: Assistant Coach Maravich, Sinnock, Arganbright, Mayton, Robinson, Greiner, Head Coach Case; Back Row: Worsley, Whitfield, Auksel, Gossell, Key, Lakins, York.

*ACC Tournament.

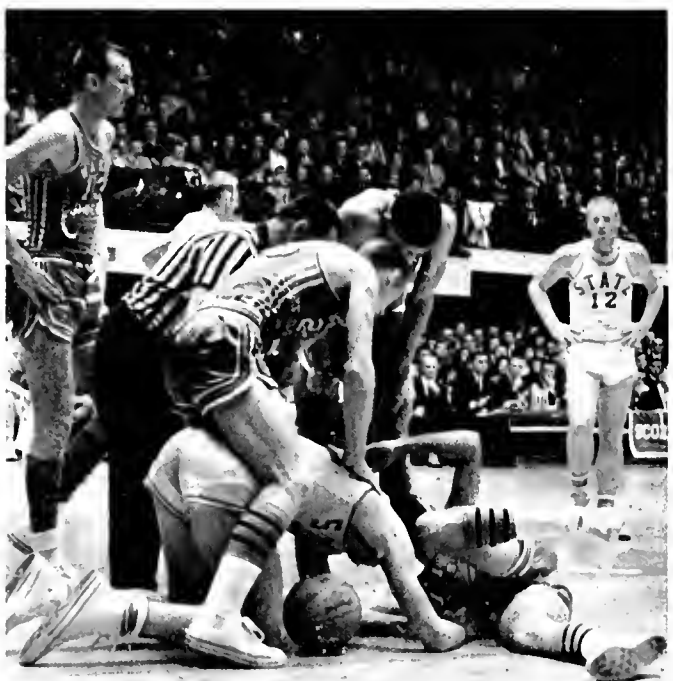

WHEATIES WHITFIELD shows the rebounding form that made him the favorite of all State College Wolfpack fans.

Returning to action after exam break, the Pack showed no signs of rustiness, as they ran over The Citadel 82-65. The second Wake Forest game was a carbon copy of the first, with State leading at the half, only to lose in the second half. A second loss to Virginia was the result of looking forward too far to the upcoming Duke game. In the Coliseum, the Pack gave the Blue Devils a real scare, as John Key's last second shot was tapped twice, but refused to fall. Carolina followed Duke into the Coliseum, and again the Pack played well. However, Billy Cunningham was too much, and the Tarheels won again. Ken Rohloff found his shooting eye in the next few games, leading the Pack in wins over Clemson and VMI and in the double overtime loss to South Carolina. In the ACC tournament, the Pack gained revenge for last year's loss to Clemson, but the tournament-bound Blue Devils ended any Wolfpack title hopes.

JOHN KEY uses his height to tap in an errant Pack shot as fellow teammate Pete Auksel stands by to help if needed.

RON GOSSELL is trying to give Rohloff room to operate as the latter runs into heavy traffic against Duke's Blue Devils.

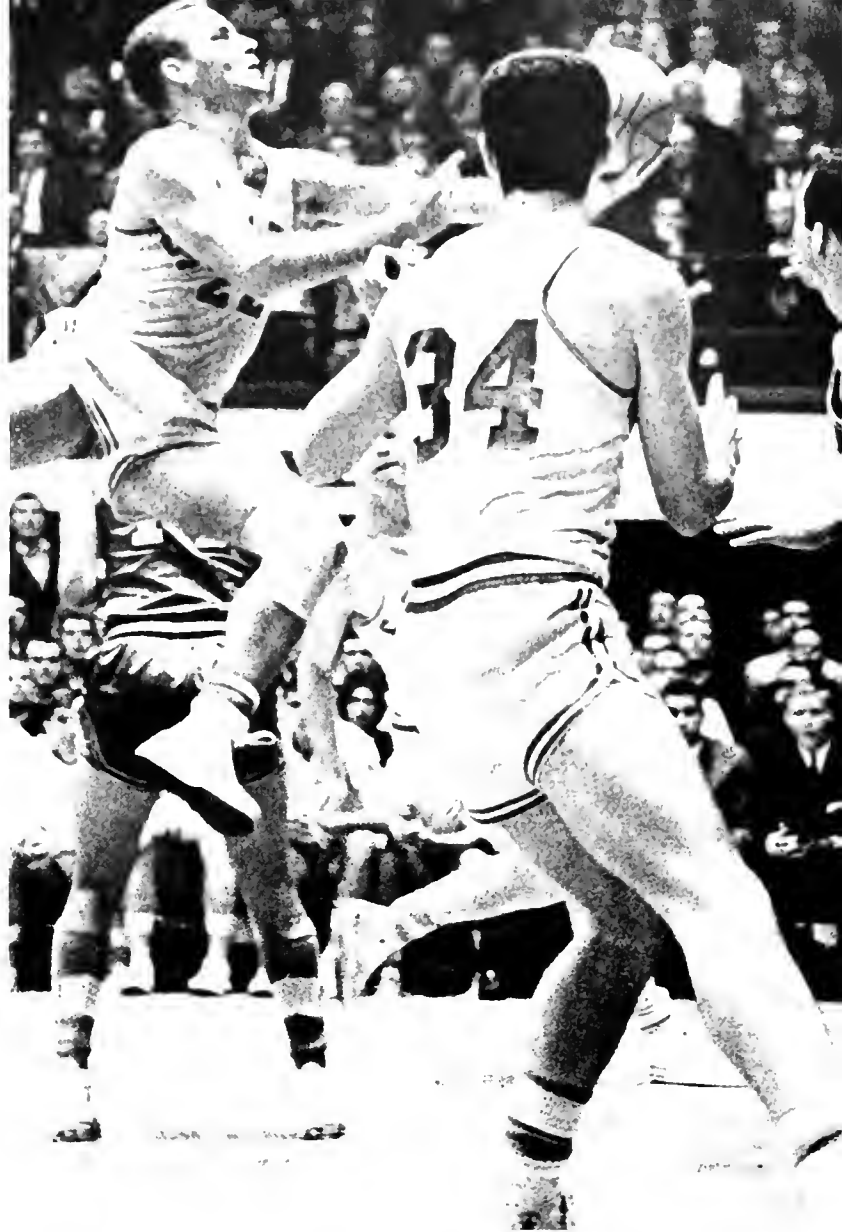

WHEATLES takes a breather, and Dave Weideman takes a ride, as the referee tries to unscramble the players.

ALL-AMERICAN ART HEYMAN fires from the outside while the Wolfpack boxes out the Blue Devils for the rebound.

The season may have been a disappointing one for State fans, but the Pack still managed its share of wins and never could be counted out of contention. Rebounding was the key to most of State's successes, as Auksel, Key, Lakins, Whitfield, and Simnock were able to control the boards in most of the games. The scoring attack was well-rounded, but not too effective. Speaks led with a 12.5 average per game, followed by Auksel's 12.4, Rohloff's 12.2, and Key's 10.5 averages. Lakins, Whitfield, and Simnock provided the remainder of the scoring punch and bench strength. Ron Gossell, Les Robinson, and Don Greiner showed flashes of brilliance throughout the season in helping the Wolfpack cause.

KEN ROHLLOFF drives through the air for a layup in the Wolfpack's narrow loss to the Tarheels from Chapel Hill.

WHITFIELD, GOSSELL, AND LAKINS are only searching for an elusive contact lens. Someone lost one every game.

THE SHOT THAT FAILED. Behind by one point, the Pack elected to wait for one shot in an attempt to beat Duke.

WHITFIELD steals a rebound from the Farheels' sophomore sensation, Billy Cunningham. The Farheels won both games.

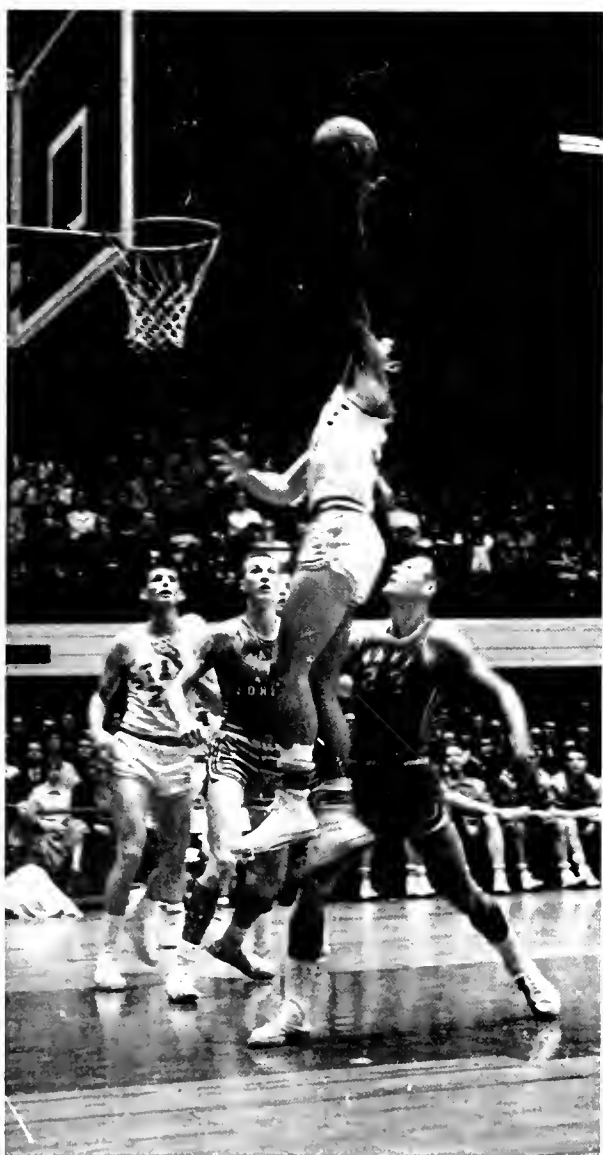

ROHLOFF AND KEY listen intently as coaches Maravich and Case give directions on setting up an easy basket.

CO-CAPTAIN JON SPEARS shows flawless form as he executes another of his deadly jump shots against the Deacons.

THE WICKER CHAIR is now the symbol of victory in the State-Wake Forest games. State has yet to get it.

SPEAKS catches the middle of the Deacon defense napping and drives through for an easy shot and score.

THE BIG MEN, Auksel and Key, watch Speaks do some rebounding of his own as he battles Cunningham and Potect.

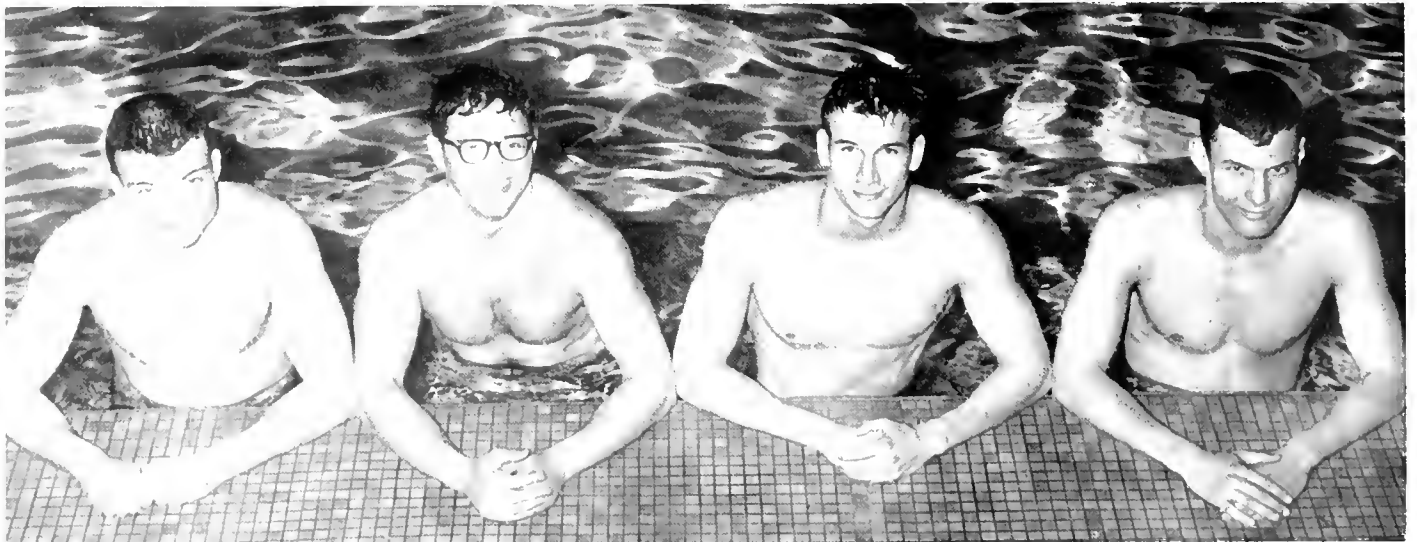

COACH WILLIS CASEY tells his swimmers their times after a hard series of 50 yard sprints in a typical practice.

SWIMMING TEAM

Not Defeated In Regular Season Conference Meets

THIS year at State swimming was a major concern and was strongly supported by the student body. Led by four All-Americans, Ed Spencer, Pete Fogarasy, Bill McGinty, and Smokey Ellis, the tankers swam to an 11-0 season. However, due to a lack of depth, the Wolfpack came in third in the ACC swim meet, which brought a three-way tie for the championship of the ACC.

Sophomores Dick Paoletti and Harold Senter looked impressive throughout the season, as did Joddy Peer, Dan Derby, Guy Griswold, and diver Jerry Morrow. Two highly touted freshmen are expected to help next year.

ALL-AMERICANS Smokey Ellis, Pete Fogarasy, Ed Spencer, and Bill McGinty take a break after a tiring workout.

NATIONAL BUTTERFLY CHAMPION Ed Spencer shows his form in the ACC meet. Illness kept him from his best time.

SPENCER yells encouragement to Fogarasy as the latter moves on to victory in his specialty, the breaststroke.

ACE FREESTYLER Bill McGinty prepares for the start in the 100 yard free style against the Tarheels' leading freestyle entry, Harrison Merrill.

Front Row: Harold Senter, Gene Eagles, Bill McGinty, Gerald (Joddy) Peer, Dick Paoletti. Back Row: Asst. Coach Mike Charles, Jerry Morrow, Guy Griswold, Francis Ellis, Ed Spencer, Peter Fogarasy, Coach Willis Casey.

STATE'S DEFENSE converges on the ball as they try to keep Carolina from booting another goal in the lose.

Under the leadership of Coach Cooper, the soccer team showed growth this year. This was the result of the foundation built by freshman soccer, which has not previously existed. This year's record was not outstanding, but next year should bring needed experience to produce more victories.

SOCCER TEAM

Gets Experience Through Newly Formed Frosh Team

PAUL TUCKER AND BILL SULLIVAN demonstrate a preparatory position before commencing a short practice session.

STATE'S wrestling team experienced its best season in years with a 7-3 record. Though losing in the ACC tournament held at Charlottesville, Virginia, Coach Al Crawford's wrestlers are looking forward to a strong and successful season next year.

Front Row: Angelo, Jones, Barnes, Cook, Athern, Brawley; Back Row: Coach Crawford, Leonard, Hamilton, Sawhill, Harris, Highsmith, Fountain

PITCHER John Baughan tags a Duke runner as he slides home to preserve his win in the 5-2 Wolfpack victory.

BASEBALL TEAM

Counts On Young Players To Handle Key Positions

SOPHOMORES from last year's freshman Big Four championship team are counted on to move into prominent positions this season. The Wolfpack lost four outstanding players in all-ACC: Wayne Edwards and Bob Conner, George Hayworth and Vernon Strickland.

George Allen and Johnny Baughan are seniors counted on to do the pitching. Relief will come from Bob Johnson, Ray Barlowe, and Frank Perkinson. In the infield Don Montgomery and Pete Parham will handle first and second respectively. Tom Hines, a second baseman in 1962, is expected to battle Les Young and Gary Hale for third base, with one moving to shortstop. In the outfield Warren Lineberger, Ron Erb, and Jimmy Kirkman hold forth.

BAUGHAN, RONALD ERB, and WARREN LINEBERGER seem to be contented with the progress of the game on the field.

LINEBERGER and ERB wait to congratulate Jim Kirkman following his game-winning round tripper against Duke.

SECOND BASEMAN Tommy Hines takes the throw from catcher George Hayworth to foil an attempted theft of second base.

RELIEF PITCHER George Allen takes his warmup tosses before putting down a budding enemy rally.

Front Row: Hayworth, Harrell, McGirt, Lineberger, Baughan, Allen. Second Row: Erb, Crodell, Connor, Edwards, Strickland, Manager Parker. Third Row: Coach Sorrell, Young, Kirkman, Hines, Harris, Montgomery, Curlee.

JIM JOYNER AND BUTCH BLANCHARD pass the baton in a meet. Jim and Butch are captains for '62 and '63 respectively.

TRACK TEAM

Has Discouraging Season Caused By Ineligibility

COACH Paul Derr, coaching his eighth year at State College, experienced a disappointing 1-5 record. The Wolfpack is going to have to struggle again this year. Hurting from scholastic ineligibilities, the Pack will be short of the sprints. The field events, shot put, and discus will also be weak.

A bright newcomer is hard-working Stewart Corn. Formerly pole-vaulting ten feet, he has now topped fourteen feet and is still improving. In the high jump, Corn has already tied the school record with a six foot four inch jump. Next year's (1963) captain, Butch Blanchard, will help in the sprints.

A FRESHMAN watches varsity high jumper Vance Wienn clear the bar in practice. Maybe he'll do as well next year.

1962 Track Results Won 1, Lost 5; ACC 0-4

April 11 meet with Duke cancelled.

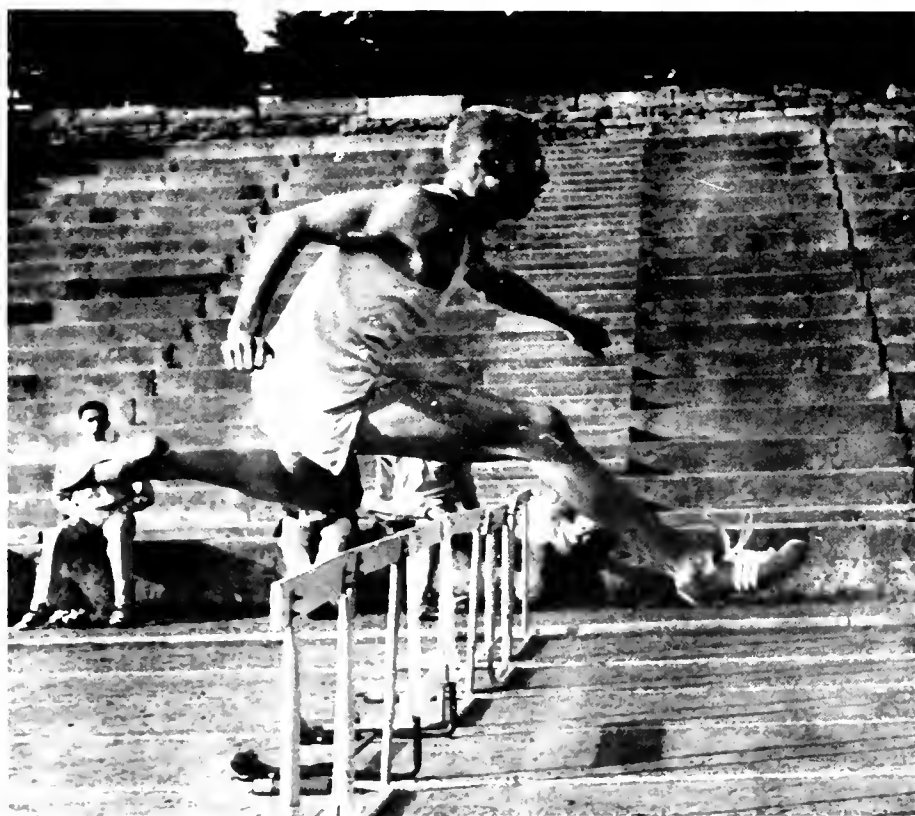

BLANCHARD AND COX (positions one and three) get set for the starting gun in dual meet with East Carolina at State College's home track.

Front Row: Coach Derr, Joyner, Green, Goldon, Edwards; Second Row: Bartlett, Caldwell, Rader, Riggins, Wilhelm, Overcash, Grimes. Third Row: Hamrick, Potts, Blanchard, Lustig, Moneyhan, Peabody, Durrett, Leary, Durek.

STEWART CORN, highly rated in the high and pole vault, demonstrates his much needed versatility through helping the team by running in the hurdle events.

SOPHOMORE BILL PEABODY has greatly aided the team with his vaulting.

RUNNERS Edwards, Potts, and Stampley leave competitors behind as they near the finish line of a gruelling race.

CROSS COUNTRY TEAM

Achieves Premier Victory In Final Autumn Contest

STATE found the season very rough last year, managing only a 1-7 record. Coach Paul Derr, because of a lack of scholarship aid, had trouble getting runners to try out for the team. He hopes for better results this year.

1962 Cross Country Results Won 1, Lost 7

INTRAMURALS

Cause Greater Interest In Participating Sports

INTRAMURAL athletics at North Carolina State had a successful year with dormitory and fraternity participation showing a slight increase and the Open League a great increase. Facilities were used to their utmost capacity as ninety percent of all fraternity men and thirty percent of the dormitory inhabitants participated in at least one sport. On the whole about forty percent of the student body takes part in intramural athletics. The formation of open and wild card divisions has resulted in increased interest and added eligibility for off campus students.

ATHLETIC DIRECTORS Mike Barnhill and Vello Kuuskraa proudly show off the Big Four trophy, won by State.

ATHLETIC DIRECTORS—*Sitting:* Wise, Curtis, Barnhill, Kuuskraa, Ware, Purdy; *Standing:* Smith, Owens, Willingham, Humbert, Stagner, Devotie, Holley, Owens, Green, Latimore, Zangas, Sykes, Allen, Centry, Buffaloe.

ATHLETIC ADVISORS: Poteat, Jenkins, Barnhill, Hoch, Smith, Kuuskraa, Speaks.

In the fraternity division, the PKA's beat the SPE's in the finals of football. KA's opened the season in basketball by winning the Dixie Classic. In the basketball championship game PKA added another championship by whipping KS.

In the finals of football in the dormitory league, Tucker nosed out Alexander. Turlington downed Watauga in the championship game for the basketball crown.

In other divisions Wesley Foundation took the open league basketball championship by beating the Spastics. The Gunners gunned down the Grads to win the Wildcard basketball championship.

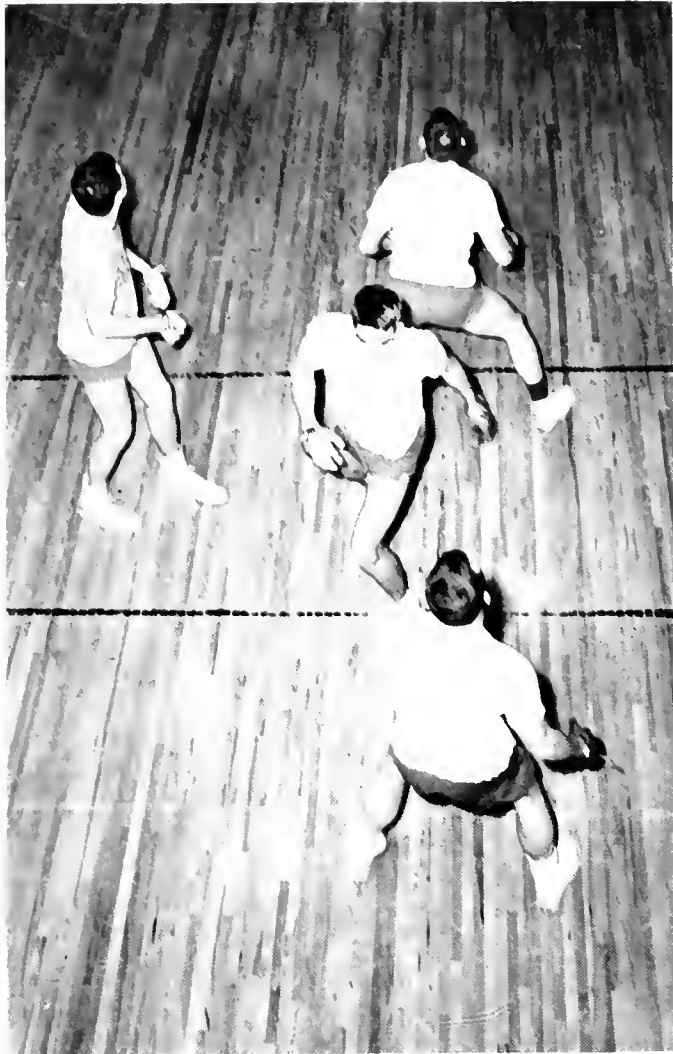

THE SPE's go to the air to beat their opponent. Big turnouts of rooters typify the interest in intramural activities.

THE NEWLY COMPLETED CARMICHAEL GYM has nine basketball courts available for both intramurals and recreation.

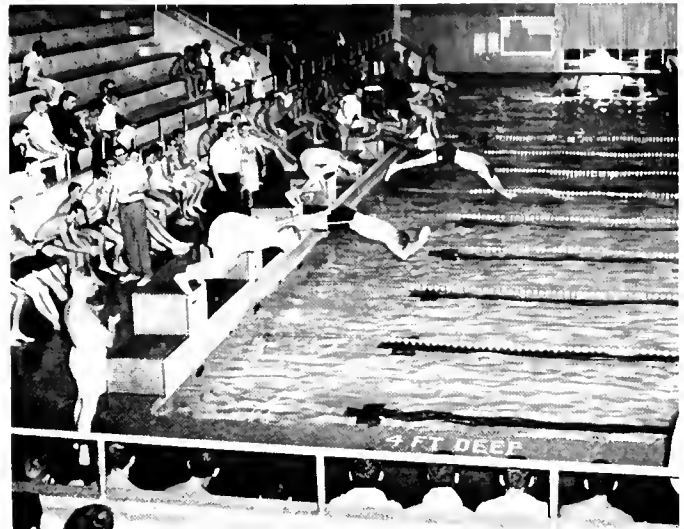

Rough play like this results in football, especially when only a point may make the difference in winning the game.

ELEVEN COURTS in Carmichael Gym are filled each day and night by enthused students who have taken up handball.

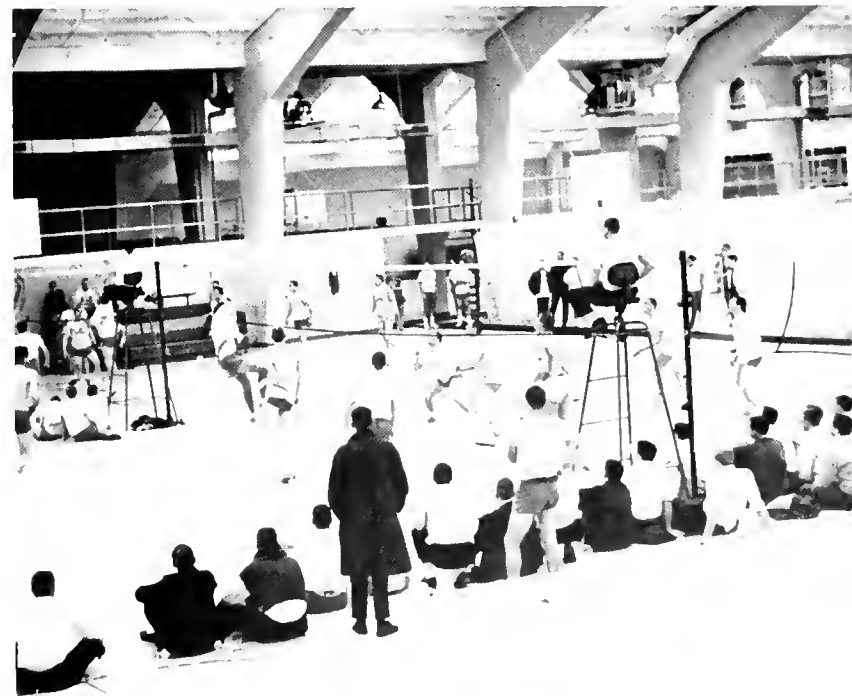

PING-PONG is not a major sport, but it nevertheless offers another opportunity for athletic endeavor for everyone.

INTRAMURAL SWIMMING usually draws Coach Willis Casey's attention as he times performances of possible tryouts.

BOWLING, one of the favorite participating sports in the intramural program, never fails to draw a great many entries.

VOLLEYBALL provides a good indoor warmup of skills and muscles to be used later when the basketball season begins.

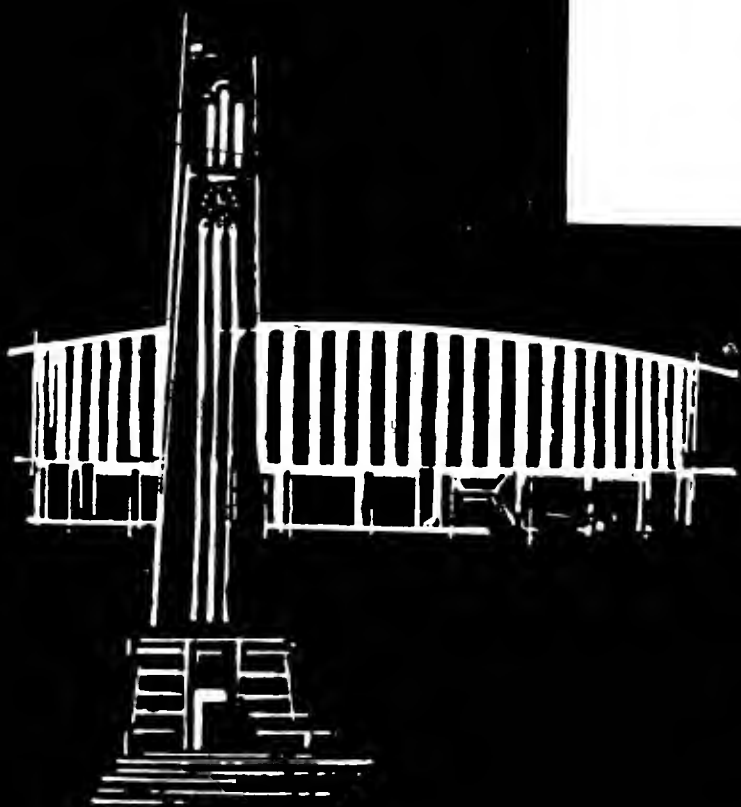

The briefcase is the identifying mark of the grad student.

Election time is denoted by the camouflaging of all academic buildings with posters exhorting students to support various candidates for important offices.

After a trying day, a peaceful moment spent in the local pub takes students from the grind and brings short relaxation.

MECHANICAL ENGINEERING
Andrews, N. C.
Sigma Pi; Alpha Phi Omega; Intramurals; CU House Committee.

LARRY STAFFORD GIBSON

TEXTILE TECHNOLOGY
Swepsonville, N. C.
Delta Kappa Phi; Intramurals 3, 4.

JOHN WINSTON GIFFORD

INDUSTRIAL ENGINEERING
Vero Beach, Florida
Delta Sigma Phi; Symphonic Band; Marching Band.

JAMES IVAN GILLAND

TEXTILES
Charlotte, N. C.

STACY BERNARD GILLEN

RECREATION AND
PARK ADMINISTRATION
Steubenville, Ohio
Football 1, 2, 3, 4; Newman Club; YDC.

KENNETH GLEN GILLIS

CIVIL ENGINEERING
Raleigh, N. C.
Theta Chi; ASCE.

WESLEY WILSON GILMORE, JR.

ELECTRICAL ENGINEERING
Raleigh, N. C.
AEE.

RANDOLPH RAY GODWIN

NUCLEAR ENGINEERING
Wilson, N. C.
American Nuclear Society.

MICHAEL BARRY GOLDFARB

TEXTILE TECHNOLOGY
Forest Hills, New York

RONALD JEROME GOLDSTEIN

NUCLEAR ENGINEERING
Mooresville, N. C.
Mu Beta Psi 3, 4, Pres. 3; Intramurals 1, 2, 3, 4; Band 1, 2, 3, 4, Vice Pres. 3; ROTC Band Commander 3; YDC 3.

ROBERT LEE GOODMAN

AGRICULTURAL EDUCATION
Gold Hill, N. C.
FarmHouse; Alpha Zeta; Intramurals 1, 2, 3, 4; FarmHouse Bus. Mgr.; Collegiate 4-H Club; Ag Education Club.

GLENN GORDON, JR.

ELECTRICAL ENGINEERING
Asheville, N. C.

THOMAS EMMETT GOSWICK

APPLIED MATHEMATICS
Durham, N. C.

JAMES LEE GRAHAM

CIVIL ENGINEERING
Elkin, N. C.
Theta Chi; ASCE; Tennis 1; Intramurals 1, 2, 3, 4.

JAMES WILLIAM GRANT, JR.

MECHANICAL ENGINEERING
Charlotte, N. C.
Phi Kappa Phi; ASME; Apollo Club.

SENIOR CLASS

MARTIN SMITH GRANT

INDUSTRIAL ENGINEERING
Wilmington, N. C.
Kappa Alpha; Intramurals 1, 2, 3, 4; Junior Class Ring Committee 3;
Traffic Committee 3; Summer Job Committee 4; Bridge Club, Dir. 4;
Campus Bridge Champion 3, 4.

BENJAMIN TYSON GRAVELY

PHYSICS
Charlotte, N. C.
Phi Kappa Tau; Phi Eta Sigma; Wesley Foundation, Treas. 3, Pres. 4,
Editor, *The Methodist Student*, 2.

ALBERT DIAL GRAY, III

AGRICULTURAL ECONOMICS-
Whiteville, N. C.
AGRICULTURAL BUSINESS
Kappa Alpha.

J. LANDER GRAY, III

TEXTILE TECHNOLOGY
Gastonia, N. C.
Lambda Chi Alpha; Golf 3; Intramurals 1, 2, 3, 4; Phi Psi 3, 4;
AIE 1, 2.

ROGER PERKINS GRAY, JR.

ELECTRICAL ENGINEERING
Winston-Salem, N. C.
Eta Kappa Nu; Tau Beta Pi.

JOSEPH SHERIDAN GRAYBEAL

APPLIED MATHEMATICS
Creston, N. C.
Math Club; Toastmasters Club.

CHARLES ROBERT GREEN

MECHANICAL ENGINEERING
Brevard, N. C.
IAS 3; ASME 1, 4; Civitan Club 2; CU Committees 1; Dorm Pres. 4;
Dorm Athletic Director 3; IDC 4.

RALPH FRANK GREENE

CERAMIC ENGINEERING
Wexford, Pennsylvania
Lambda Chi Alpha; ACS; CU Publicity Committee; YBC.

ROBERT LARRY GREENE

FOREST MANAGEMENT
Marion, N. C.
Forestry Club; Men's Glee Club; YBC.

BARRY RANDALL GREGORY

APPLIED MATHEMATICS
Mocksville, N. C.

WALTON CARLYLE GREGORY

EXPERIMENTAL STATISTICS
Raleigh, N. C.
Intramurals 1, 2, 3, 4; Symphonic Band 1, 2.

CHARLES WILSON GRIFFIN

MECHANICAL ENGINEERING
New London, N. C.

JAMES LANIER GRIFFIN, III

TEXTILE MANAGEMENT
Greenville, South Carolina
Kappa Alpha.

ROBERT WALLACE GRIFFITH, JR.

CIVIL ENGINEERING-
Lexington, N. C.
CONSTRUCTION OPTION

Sigma Chi; ASCE; Technician; Intramurals, All Campus Tennis 1, 2, 3,
Badminton 2; Honor Code Board 3, 4; Summer School Judicial Board
Clerk; Apollo Club; Freshman Diners Club; Student Traffic Committee 4.

THOMAS LLEWELLYN GRIMES

SCIENCE EDUCATION AND
Cary, N. C.
BOTANY-AGRICULTURAL SCIENCE
Alpha Phi Omega 1, 2, 3, 4, Sec. 3, Pres. 4; Kappa Phi Kappa 3, 4;
Math Science Education Club 2, 3, 4, Vice Pres. 3; Advanced AFROTC,
Sqd. Exec., Capt. 3, Sqd. Comm., Major 4; Marching Cadets 1, 2, 4,
Exec. Officer 4.

SENIOR CLASS

GUY DOAN GRISWOLD

CIVIL ENGINEERING-
CONSTRUCTION OPTION

Downingtown, Pennsylvania

ASCE 4; Arnold Air Society 3, 4; Swimming Team 1, 2, 3, 4; Intramurals 3, 4; Drum Major Marching Band 1, 2, 3, 4; Fanfare Band 1, 2, 3, 4; Monogram Club 2, 3, 4, Vice Pres. 4.

JAMES RODNEY GROGAN

MECHANICAL ENGINEERING

Mayodan, N. C.

Theta Chi; Intramurals 2, 3.

FRED DELAND GRUBB

ELECTRICAL ENGINEERING

High Point, N. C.

IRE 3, 4.

WILLIAM SCOTT GUION

APPLIED MATHEMATICS

Charlotte, N. C.

Phi Eta Sigma; Pi Mu Epsilon, Vice Pres. 4; CUI Activities Committee, Chairman 2, Vice Pres. & Pres. 3, Sec. 4, Board of Directors 2, 3, 4; N. C. State Symposium Committee Chairman 4; Science Council 4; Consolidated Univ. Student Council 3; Social Functions Committee 3.

THOMAS HOLLAND GUNTER

AGRICULTURAL ECONOMICS-

Raleigh, N. C.

AGRICULTURAL BUSINESS

Ag Economics Club.

JAMES HERBERT GURKIN

FOREST MANAGEMENT

Williamston, N. C.

Sigma Nu; Intramurals 1, 2, 3, 4.

PAUL LANDRETH GURLEY

WOOD TECHNOLOGY

Goldsboro, N. C.

Forest Products Research Society.

BUFORD MASON GUY, JR.

SCIENCE EDUCATION

Salisbury, N. C.

Circle K; Oasis Society; Honor Study Commission.

DONALD DIETRICH HAIGH

CIVIL ENGINEERING-

Statesville, N. C.

CONSTRUCTION OPTION

ASCE.

MANY HOURS of concentrated individual effort go into making part of a team. Left: a different idea helps this young architect in his drawing. Right: learning to read the scale on a burette carefully is necessary in order to be a successful Chemical Engineer.

SENIOR CLASS

LELAND MOORE HAIRR

NUCLEAR PHYSICS Goldsboro, N. C.
Phi Kappa Tau, Vice Pres. 3, Pres. 4; Phi Eta Sigma; Sigma Pi Sigma;
Tennis 1; Intramurals 2, 3, 4; AIP; YDC; Advanced ROTC; AUSA;
Distinguished Military Student.

WILLIAM LEVEL HALBERSTADT, III

ELECTRICAL ENGINEERING Charlotte, N. C.
Pi Kappa Phi, House Manager 3, Pres. 3, 4; Eta Kappa Nu; Jefferson
Standard Scholar 1, 2, 3, 4; Advanced ROTC; IFC 3, 4; Freshman Diners
Club; Apollo Club 4; AIEE 3, 4; AIEE-IRE 1, 2, 3, 4.

CHARLES FRANKLIN HALL

TEXTILE TECHNOLOGY Lumberton, N. C.
Pi Kappa Alpha, Social Chairman.

OSCAR TED HALVERSON

NUCLEAR ENGINEERING Siler City, N. C.
Mu Beta Psi, Pres. 4; AIP; Band 1, 2, 3, 4.

CHARLES LEE HAMILTON

CIVIL ENGINEERING Lexington, N. C.
Theta Chi, Jr. Rep. 2, Sr. Rep. 3, Pledge Class Pres.; IFC Exec. Council
2, 3, Activities Chairman, Pub. Director; Technician.

JERRY ALLEN HAMM

TEXTILE TECHNOLOGY Henderson, N. C.
Delta Kappa Phi; Intramurals 1, 2; AFOTC Drill Team 1, 2.

BENNY BRYANT HAMPTON

AGRICULTURAL EDUCATION Elkin, N. C.
FarmHouse, Treas. 3; Alpha Zeta, Chancellor 4, Treas. 3; Kappa Phi
Kappa; Intramurals 1, 2, 3, 4; Alexander Dorm Sec. 2; BSU Church
Rep. 2; Dairy Cattle Judging Team 3; Ag. Educ. Club 1, 2, 3, Treas.
4; Sears Roebuck Scholarship 1.

ELECTRICAL ENGINEERING Littleton, N. C.
Kappa Alpha.

THE COLLECTION OF DATA is important to the Engineering graduate. Many hours are spent by both graduates and undergraduates watching dials on machines and recording information to be rewritten into long reports that supplement class lectures.

THE NAME change hassle, whether relevant or not, at least brought a much needed unity to the State student body.

AGRICULTURAL INSTITUTE

The Agricultural Institute was organized on the North Carolina State College Campus in 1959. In the Fall semester of 1960, students were first able to register for this educational program.

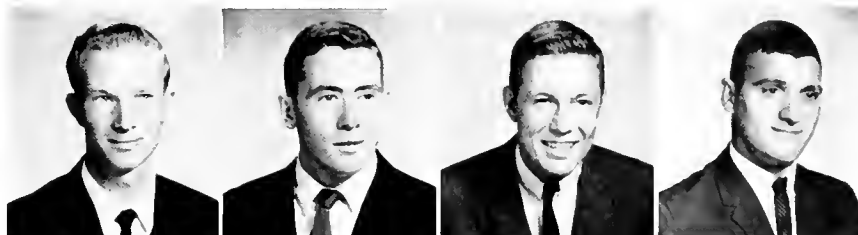

The various programs of the Agricultural Institute were initiated to provide a large segment of our society with a unique educational opportunity, making it possible to obtain a technical education through a period of two years. This period is spent in building a foundation for a lifetime of study, learning, and productivity.

The courses, the faculty, and the participating students are all oriented toward the common belief that an individual's productivity can be increased by improving his technical knowledge.

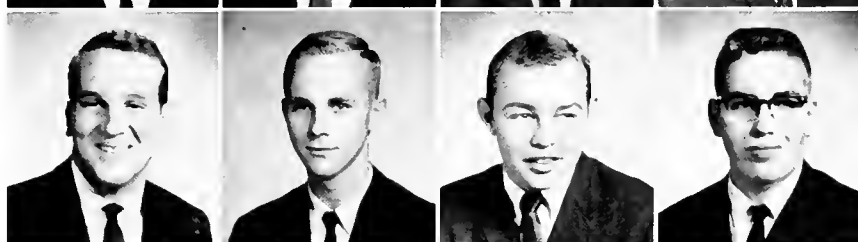

THE AG INSTITUTE does many things to publicize the work they do, including this State Fair booth at the Fair Grounds.

Will you leave these freedoms to your children?

Men have died to leave you these 4 symbols of freedom:

A Holy Bible—symbol of your right to worship as you wish.
(First Amendment, U. S. Constitution)

A door key—your right to lock your door against illegal government force and prying. (Fourth Amendment, U. S. Constitution)

A pencil—freedom to speak or write what you think, whether you agree with the government or not.
(First Amendment, U. S. Constitution)

And a free ballot—your right to choose the people who represent you in government—your protection against government tyranny.
(Article I, U. S. Constitution)

In half the world today, these symbols and the things they stand for have been destroyed.

And Khrushchev says it can happen here. He boasts that our children will live under socialism.

Unthinkable? Yes—but only so long as America guards its freedoms well. Against threats that come from inside our country, as well as from the outside.

In these critical times you would think that all of America's energies and financial resources should be concentrated on strengthening our country's defense.

But there are some people who would weaken this effort through needless government spending. For example, they want to use billions of your tax dollars to put government *deeper* into the electric power business.

Such spending is unnecessary because the *investor-owned* electric light and power companies can supply all the additional power a growing America will need.

Each time the government moves further into business—any business—it is another step on the road to socialism. And socialism is one thing Americans do *not* mean to leave to their children—or grandchildren—despite what Khrushchev says.

NATURAL SHOULDER
CLOTHING CENTER

First the clock . . . then the plant —

When a customer bought 100 cigars from the wholesale grocery firm of H. Cone & Sons in 1870, he received a handsome clock. Some of these clocks are still ticking away. In addition to selling cigars and groceries for their father, Moses and Ceasar Cone sold cotton plaids. Seeing a great future in fabrics, they started the Cone textile enterprises as a selling and commission house in 1891. They built the original manufacturing plant in 1896.

What of Cone Mills Today?

From these small beginnings has come one of the world's largest and most progressive textile firms. With 18 plants employing almost 13,000 men and women, Cone Mills today is the world's largest producer of corduroys, denims and flannels. Its modern printing and finishing operations are turning out a host of other fashion-right fabrics. Cone through its research and development activities is constantly seeking better ways to make better materials.

Examples of Cone firsts in this country are the new, popular stretch denims and corduroys.

To maintain its high standards, our company needs young people with initiative and intelligence. Cone Mills offers opportunities in four areas . . . production, administration, sales and research. Would you be interested in joining such a progressive organization? Write Industrial Relations Department, Cone Mills Corporation, Greensboro, N. C.
